

The background of the book cover is a solid red color. Overlaid on this background are several technical illustrations in a dark, brownish-red color. In the upper left, there is a schematic diagram of an electrical power system, showing various components like transformers, switches, and lines connected in a network. To the right of this, and extending towards the top right, is a detailed drawing of an industrial structure, possibly a distillation column or a complex piping system, with multiple levels, ladders, and structural supports. In the lower right, there is a large, complex piece of industrial machinery, which appears to be a large motor or a pump assembly, with various shafts, bearings, and mounting brackets. At the bottom center, there is a smaller illustration of a building or a large storage tank with a series of vertical pipes or chimneys rising from its top.
