

The Best Journey of My Life

There is nothing better than the emotions and feelings one can receive from setting out on an adventure. Journeys help us to forget about our everyday issues. That is why I want to tell you about the best journey of my life.

It started at home as I began to pack items for a journey. I was excited because my parents and I were going to Thailand, the most interesting place to me. I could not imagine what it would be like.

The first experience we had when we got out of the plane to enter Thailand was the tropical, wet, hot air that permeated the environment. We arrived at our hotel on the south of Phuket Island. Beauty seemed to be all around us. From the one side of the road there was the lush greenery of the tropical forest, from the other there were turquoise waves of the Andaman Sea.

We decided to spend our first days on a covey seacoast and take a rest from a tiring trip. The weather was wonderful. The sun was shining and the water was so warm, placid and lapped that we could see our shadows in it. I had the impression nothing else existed in this world besides us, not the cares of everyday life nor urban fuss. We were enjoying every minute of our rest, slowly sipping coconut milk through a tube straight out of a coconut. The days were changing from one to another with new, bright, unforgettable emotions and impressions.

Commentary:

The first line gives us something to imagine, and a statement that hooks us upon first glance.

Commentary:

The author has made a very concise introduction, complete with hook, and a very direct thesis, without revealing too much information. Quite effective for an informal type of essay.

Commentary:

This paragraph does a great job giving us details so we can visualize what it was like.
