

The background of the slide is a photograph taken from the deck of a ship. In the foreground, there is a metal railing and a large, dark, curved structure, possibly part of the ship's superstructure. The sun is low on the horizon, creating a bright, warm glow that reflects on the water. The sky is a mix of orange and blue. The overall mood is serene and professional.

 Includes section Reviews *An Introduction to Corporate Environmental Management* Stefan Schaltegger,Roger
 Burritt,Holger Petersen,2017-09-08 This book is designed to meet the urgent need for a comprehensive and definitive
 introduction and teaching text on corporate environmental management It aims to become the standard textbook for courses
 examining how business can take the environment into account while also providing an accessible and thorough overview of
 this increasingly multidisciplinary subject for practitioners Written by the internationally acknowledged experts Stefan
 Schaltegger and Roger Burritt authors of the highly influential Contemporary Environmental Accounting along with Holger
 Petersen the book invites the reader to join in an exploration of the ways in which companies can engage in environmental
 management and why such engagement can be profitable for business The reader is invited to examine whether the contents
 reflect their own experience takes their experience further or opposes their own views note which of the ideas presented are
 especially important add to those ideas or encourage a reaction positive or negative answer questions creatively based on
 their own perspective of the issues encourage themselves to be inspired by questions which can be investigated further
 through other written sources of information such as books you will be guided to through the bibliography the Internet or the
 general media and think about and plan the ways in which the knowledge provided can be implemented in your own situation
 The book is organised into four main sections First the fundamental ideas and linkages behind business management the
 environment and sustainable development are briefly but clearly sketched The second part of the book outlines the criteria
 against which environmentally oriented business management can be assessed and the fields of action in which success can
 be achieved The third part presents a discussion and examples of strategies for environmental management which are linked
 in the fourth part to the essential tools of environmental management especially green marketing environmental accounting
 and eco control The book is full of case studies and examples related to the main contents of each chapter and each chapter
 provides a number of questions for the student or reader to address An Introduction to Corporate Environmental
 Management is both a textbook and a sourcebook The reader can either work through the material in a structured way or dip
 into the content and follow up on specific areas of interest The materials are designed to be used for understanding and
 reference rather than to be learned by heart The primary aim is for the reader to obtain a practical understanding of the
 relationship between management and environmental issues which can be applied in day to day situations whether as part of
 a student s wider view of management or within the practitioner s real world situation It will be essential reading for many
 years to come **The Accountants Digest** Leland Lawrence Briggs,1952 **The impact of UK overseas aid on
 environmental protection and climate change adaptation and mitigation** Great Britain: Parliament: House of
 Commons: Environmental Audit Committee,2011-06-29 The Environmental Audit Committee states that the UK should only

provide funding for multilateral institutions with strong environmental credentials The current scale of the World Bank's lending to fossil fuel powered energy generation is unacceptable and the Committee urges the Government to be prepared to vote against new World Bank funding for high emissions coal fired power stations The profile of climate change has increased hugely but there is far less awareness of the importance of protecting biodiversity and ecosystems The Committee believes that the Department for International Development DFID needs to publish a clear strategy on its approach to environmental issues to ensure that it gives them sufficient priority in its programmes and expenditure Every effort must be made to help emerging economies leapfrog fossil fuels and fuel their growth with clean energy instead High levels of consumption in the UK increases demand on production in poor countries which leads to degradation of their natural resources The report calls on the UK Government to ensure that economic activity in Britain does not cancel out or even reverse the positive impact that UK aid is having overseas
