**Challenging the School Readiness Agenda in Early Childhood Education** Miriam B. Tager,2017-03-27 Challenging the normative paradigm that school readiness is a positive and necessary objective for all young children this book asserts that the concept is a deficit based practice that fosters the continuation of discriminatory classifications Tager draws on

findings of a qualitative study to reveal how the neoliberal agenda of school reform based on high stakes testing sorts and labels children as non ready affecting their overall schooling careers Tager reflects critically on the relationship between race and school readiness showing how the resulting exclusionary measures perpetuate the marginalization of low income Black children from an early age Disrupting expected notions of readiness is imperative to ending practices of structural classism and racism in early childhood education **St. Andrew's Cross** ,1907 On the Rocketship Richard Whitmire,2014-05-15 The face of American education is evolving and the roadmap is clear On the Rocketship How Top Charter Schools are Pushing the Envelope examines the rise and expansion of leading charter school network Rocketship revealing the secret sauce that makes a successful program A strong narrative with a timely message the book explores how Rocketship started and the difficulties encountered as it expands Designing schools for children who have been failed by traditional schools is extremely challenging work Setbacks are inevitable Later in the book the narrative shifts to the national picture exploring how high performing charter schools are changing the education landscape in cities such as Denver Memphis and Houston The book emerges just as charter schools are running into stiff political opposition in New York City and elsewhere Even in San Jose Rocketship s home base the pushback against charter schools is gaining speed On the Rocketship becomes a valuable resource for explaining what s at stake in this battle Lose these schools in New York San Jose and other cities and low income and minority students lose their best shot at a quality education Written by a veteran journalist who followed Rocketship through a school year the book explores some of the factors that make Rocketship and other charters successful including the blended learning that was pioneered at charter schools especially Rocketship Many schools around the country are looking to Rocketship as a model for implementing blended learning The interplay between charter schools and blended learning is setting a change in motion and the American education system is ready to evolve On the Rocketship details this phenomenon providing insights for educators across the nation **Neurological Research** ,1999 University of Illinois Directory for 1929 University of Illinois (Urbana-Champaign campus),1929 Report Québec (Province).
