Carroll, 2000 Ideal as a year long program or for selective units This packed volume takes an intense look at Romeo and Juliet Julius Caesar Macbeth Hamlet A Midsummer Night's Dream and The Tempest Each of the 40 lessons opens up the world of Shakespeare his words and his characters Extensive teacher support includes assessments historical background and language study synopses and suggestions for engaging hard to reach learners *Julius Caesar* Horst Zander, 2005-07-05 This book explores traditional approaches to the play which includes an examination of the play in light of current history in the context of Renaissance England and in relation to Shakespeare's other Roman plays as well as structural examination of plot language character and source material *Julius Caesar* Critical Essays also examines the current debates concerning the play in Marxist psychoanalytic deconstructive queer and gender contexts [Shakespeare and the First Hamlet](#) Terri Bourus, 2022-06-10 The first edition of Hamlet often called Q1 shorthand for first quarto was published in 1603 in what we might regard as the early modern equivalent of a cheap paperback Yet this early version of Shakespeare's classic tragedy is becoming increasingly canonical not because there is universal agreement about what it is or what it means but because more and more Shakespearians agree that it is worth arguing about The essays in this collected volume explore the ways in which we might approach Q1's Hamlet from performance to book history from Shakespeare's relationships with his contemporaries to the shape of his whole career

The Test Drive Avital Ronell, 2010-10-01 The Test Drive deals with the war perpetrated by highly determined reactionary forces on science and research How does the government at once promote and prohibit scientific testing and undercut the importance of experimentation To what extent is testing at the forefront of theoretical and practical concerns today Addressed to those who are left stranded by speculative thinking and unhinged by cognitive discourse The Test Drive points to a toxic residue of uninterrogated questions raised by Nietzsche Husserl and Derrida Ranging from the scientific probe to modalities of testing that include the limits of friendship or love this work explores the crucial operations of an uncontestable legitimating machine Avital Ronell offers a tour de force reading of legal pharmaceutical artistic scientific Zen and historical grids that depend upon different types of testability involving among other issues what it means to put oneself to the test

Shakespeare's Mad Men Richard van Oort,2022-10-18 This book is about a mad king and a mad duke With original and iconoclastic readings Richard van Oort pioneers the reading of Shakespeare as an ethical thinker of the originary scene the scene in which humans became conscious of themselves as symbol using moral and narrative beings Taking King Lear and Measure for Measure as case studies van Oort shows how the minimal concept of an anthropological scene of origin the originary hypothesis provides the basis for a new understanding of every aspect of the plays from the psychology of the characters to the ethical and dialogical conflicts upon which the drama is based The result is a gripping commentary on the plays Why does Lear abdicate and go mad Why does Edgar torture his father with non recognition Why does Lucio accuse the Duke in Measure for Measure of madness and lechery and why does Isabella remain silent at the end In approaching these and other questions from the perspective of the originary hypothesis van Oort helps us to see the ethical predicament of the plays and in the process makes Shakespeare new again
