Höfert,Matthew Mesley,Serena Tolino,2017-08-15 This book explores a striking common feature of pre modern ruling systems on a global scale the participation of childless and celibate men as integral parts of the elites In bringing court eunuchs and bishops together this collection shows that the integration of men who were normatively or physically excluded from biological fatherhood offered pre modern dynasties the potential to use different reproduction patterns The shared focus on ruling eunuchs and bishops also reveals that these men had a specific position at the intersection of four fields power social dynamics sacredness and gender masculinities The thirteen chapters present case studies on clerics in Medieval Europe and court eunuchs in the Middle East Byzantium India and China They analyze how these men in their different frameworks acted as politicians participated in social networks provided religious authority and discuss their masculinities Taken together this collection sheds light on the political arena before the modern nation state excluded these unmarried men from the circles of political power *Autocar* ,1998 Haynes Ford Focus 2000 and 2001 Jay Storer,John Harold Haynes,2002 Inside this manual the reader will learn to do routine maintenance tune up procedures engine repair along with aspects of your car such as cooling and heating air conditioning fuel and exhaust emissions control ignition brakes suspension and steering electrical systems wiring diagrams Product Safety & Liability Reporter ,1995 **Darius in the Shadow of Alexander** Pierre Briant,2015-01-05 A detailed and incisive analysis of the recorded history surrounding the last king of Achaemenid Persia Darius III The last of Cyrus the Great s dynastic inheritors and the legendary enemy of Alexander the Great Darius III ruled over a Persian Empire that stretched from the Mediterranean to the Indus River Yet despite being the most powerful king of his time Darius remains an obscure figure As Pierre Briant explains in the first book ever devoted to the historical memory of Darius III the little that is known of him comes primarily from Greek and Roman sources which often present him in an unflattering light as a decadent Oriental who lacked the masculine virtues of his Western adversaries Influenced by the Alexander Romance as they are even the medieval Persian sources are not free of harsh prejudices against the king Dara whom they deemed deficient in the traditional kingly virtues Ancient Classical accounts construct a man who is in every respect Alexander s opposite feeble minded militarily inept addicted to pleasure and vain When Darius s wife and children are captured by Alexander s forces at the Battle of Issos Darius is ready to ransom his entire kingdom to save them a devoted husband and father perhaps but a weak king While Darius seems doomed to be a footnote in the chronicle of Alexander s conquests in one respect it is Darius who has the last laugh For after Darius s defeat in 331 BCE Alexander is described by historians as becoming ever more like his vanquished opponent a Darius like sybarite prone to unmanly excess Praise for Darius in the Shadow of Alexander Briant is the world s leading authority on the Persian empire that Alexander conquered one of few living scholars with the linguistic mastery to study both the Greco Roman and Persian sources and hence examine the reign of Darius from European and Asian perspectives In the intensely thorough analysis he conducts here he finds reasons to mistrust both traditions and thereby qualify the charge of cowardice that has shadowed Darius for more

than two millennia His insights are penetrating and his mastery of the evidentiary record is unsurpassed Having deftly taken down much of the edifice supplied by the ancient accounts of Darius Briant finally turns architect and shows us how the rebuilding might begin James Romm The Wall Street Journal Briant s work as always is a significant contribution to Achaemenid studies a display of historiographical learnedness whose methods can benefit historians across ancient studies Jennifer Finn Bryn Mawr Classical Review     *Autocar & Motor* ,1994-05     **N.A.D.A Official Used Car Guide** ,1995
