The Roaring Silence: John Cage: A Life David Revill, 2012-02-07 Composer John Cage is often described as the most influential musician of the last half century. He has defined and continues to define our whole concept of avant garde not just in music but increasingly as writer and visual artist. *The Roaring Silence* is the first full length biography of Cage. It documents his life in unrivalled detail interweaving a close account of the evolution of his work with an exploration of his aesthetic, political and philosophical ideas. David Revill maintains that Cage's extraordinary productivity and versatility are best understood in the light of his inner development. His life work and ideas have clarified, refined and reinforced one another and thereby Cage has made himself what he is. While never assuming specialist knowledge, this book discusses all of Cage's works in depth and sets them in the context of his compositional, theoretical and personal development. Also included are the most comprehensive worklist, discography and bibliography available to date, as well as many previously unpublished photographs. The author draws judiciously on extensive library and archive material and on exclusive interviews and conversations with Cage and many of his friends and associates. The result is a true to life and true to form appreciation of a genuine original of interest not only to the serious researcher and the musician but to everyone interested in the cultural influences that have shaped and are shaping 20th century thought. Skyhorse Publishing along with our Arcade, Good Books, Sports Publishing and Yucca imprints is proud to publish a broad range of biographies, autobiographies and memoirs. Our list includes biographies on well known historical figures like Benjamin Franklin, Nelson Mandela and Alexander Graham Bell, as well as villains from history such as Heinrich Himmler, John Wayne Gacy and O J Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first hand tales of adventure and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home. Words without Alloy Paul

Turner, 2022-12-15 Why do we have the readings we have on the days we have them? Roman Catholics enjoy the rotation of readings from the Lectionary for Mass because they offer a rich presentation of the Bible, anchor the Liturgy of the Word and provide a source of private meditation. But how did the pairing of all these readings come about? In *Words without Alloy*, Paul Turner traces the history of the lectionary as if it were a person coming to full maturity. By following the development of the lectionary, readers may come to a deeper appreciation of the One whose words it speaks. *Philippine Yearbook*, 1987
