Gabon English Edition:

Gabon Marc Aicardi De Saint-Paul, 2025-05-30 First published in 1987 and in English in 1989 Gabon provides an essential introduction to the geography history sociology economics and politics of Gabon in considerable detail It assesses Gabon's achievement the initiation of a national minimum wage of a campaign for women's rights of an advanced health and education policy and the political and economic dangers it still faces The smooth transition of Francophone Africa from colonies to republics was achieved largely because both sides benefitted In retrospect as Africa continues to be plagued by drought disease and poverty the advantages may appear to have been one sided Gabon is one of the few countries to have escaped the African poverty trap It's rapid emergence as an important oil producer and its stable independent political stance have made it an African success story Gabon incorporated and adapted much of the colonial administrative structure into its own republican constitution and began to redeploy its resources early on both these factors have allowed President Bongo to steer his country through the oil crises of the 70s and 80s This comprehensive volume is an important historical reference work for scholars and researchers of African Studies and African politics

Wisdom and Initiation in Gabon, Bonaventure Mvé Ondo, 2013-12-05 Wisdom and Initiation in Gabon A Philosophical Analysis of Fang Tales Myths and Legends is a study of the philosophical significance of Fang mythology and the rituals of Initiation that lead to Wisdom Bonaventure Mv Ondo argues that Fang tales myths and legends are components of the foundation of a worldview that sustains and protects a unique historical Fang identity For Mv Ondo the contemporary challenges to the existence and identity of the Fang require perhaps more than ever recognition of the central role of mythology At an historical moment when Africans are faced with the challenges of westernization the metaphysics of the Fang illustrated and preserved by tales myths and legends is a critical element of Fang survival Mythology is far more than a collection of amusing or awe inspiring stories they are profoundly important moral lessons for the Fang in their continuing encounters with such contemporary challenges as materialism and as the stories in this book illustrate the constant struggle to live lives of purpose and meaning For Mv Ondo the critical central issue for the Fang is to focus on the distinction at the heart of his analysis i.e the crucial distinction between to have and to be The lessons transmitted from generation to generation by these marvelous stories are Mv Ondo argues central to living lives that reflect and perpetuate the eternal truths of the Fang experience

Women Writers of Gabon Cheryl Toman, 2016-10-07 Women Writers of Gabon Literature and Herstory demonstrates how the invisibility of women historically politically cross culturally etc has led to the omission of Gabon's literature from the African canon but it also discusses in depth the unique elements of Gabonese women's writing that show it is worthy of critical recognition and that prove why Gabonese women writers must be considered a major force in African literature This book is the only book length critical study of Gabonese literature that exists in English and although there are titles in French that provide analyses of the works of Gabonese women writers no one work is comprehensive nor is the history of women's

writing in Gabon considered in the such a manner Throughout the various chapters the book explores among other things contributions that are unique to Gabonese women writers such as definitions of African feminisms as they pertain to Gabonese society the rewriting of oral histories rituals and traditions of the Fang ethnic group one of the first introductions of same sex couples in African Francophone literature discussions on the impact of witchcraft on development and the appropriating of the epic poetry known as the mvet by women writers The chapters explore works by all major voices in Gabonese women s writing including Ang le Rawiri Justine Mints Sylvie Ntsame Honorine Ngou and Chantal Magalie Mbazoo Kassa and the book concludes with brief introductions of a younger generation of Gabonese women writers such as Edna Merey Apinda Alice Endamne Nadia Origo Miryl Eteno and Elisabeth Aworet among others

Functions: From Organisms to Artefacts Jean Gayon, Armand de Ricqlès, Antoine C. Dussault, 2023-07-25 This book originally published in French examines the philosophical debates on functions over the last forty years and proposes new ways of analysis

Pervasive throughout the life sciences the concept of function has the air of an epistemological scandal ascribing a function to a biological structure or process amounts to suggesting that it is explained by its effects This book confronts the debates on function with the use of the notion in a wide range of disciplines such as biology psychology and medicine It also raises the question of whether this notion which is as old in the history of technology as it is in the life sciences has the same meaning in these two domains
