The AI Assisted Novel Writing Guide From Idea to Finished Manuscript is a practical handbook that guides writers from a spark of inspiration to a complete manuscript. It begins with essential foundations such as discovering your genre, developing an idea into a strong premise, creating deep multidimensional characters, and building a believable story world. Once the foundations are set, the guide moves into the narrative blueprint, explaining techniques for choosing the right point of view (POV) and structuring an effective storyline. The final stage focuses on execution and refinement, from drafting the first version, distinguishing between revision and editing, to producing a solid, ready-to-read work.

*Bringing History Alive through Local People and Places* Lynne Dixon, Alison Hales, 2013-12-04. A much needed and delightful book. It shows how history can be taught with the meaningful experiences of each child at its centre, making connections between the child, the locality and community, the national and global past, and concepts of time. Throughout, the authors empower teachers to adopt their philosophy by showing them how to plan, select resources and strategies, and reflect on ideas and case studies. Hilary Cooper, Emeritus professor of history and pedagogy, The University of Cumbria, UK. *Bringing History Alive through Local People and Places* puts the local environment and community at the heart of history, showing how it can be used as the context for successful history teaching across the primary age range. It considers how to develop children's concepts and skills through local history, how to link local, national and global aspects of history, and helps you develop your own historical knowledge, understanding and confidence in teaching the subject. Practical topics explored include: Investigating children's cultural and geographical roots through fieldwork; Finding and visiting local museums, archives and heritage sights; Choosing and using resources; Using significant people, events and buildings to link with national history; Environmental education and sustainable development through local history; Understanding the links between history and everyday life; Planning and assessing history. Based on the latest research and practice in the field, *Bringing History Alive through Local People and Places* offers an exciting template of creative ideas and activities to show teachers how they can make history relevant to all children.
