Roberts,2005-07-14 As a result of the growing amount of acute crisis events portrayed in the media that impact the lives of the general public interest in crisis intervention response teams management and stabilization has grown tremendously in the past decade However there exists little to no literature designed to give timely and comprehensive help for crisis intervention teams This is a thorough revision of the first complete and authoritative handbook that prepares the crisis counselor for rapid assessment and timely crisis intervention in the 21st century Expanded and fully updated the Crisis Intervention Handbook Assessment Treatment and Research Third Edition focuses on crisis intervention services for persons who are victims of natural disasters school based and home based violence violent crimes and personal or family crises It applies a unifying model of crisis intervention making it appropriate for front line crisis workers clinical psychologists social workers psychiatric mental health nurses and graduate students who need to

know the latest steps and methods for intervening effectively with persons in acute crisis

Comprehensive Handbook of Psychopathology Henry E. Adams, 2013-12-18 The major purpose of this handbook is to provide a comprehensive review of current clinical descriptions research and theories of psychopathology Descriptive psychopathology is a field that is the foundation of clinical practice and research in clinical psychology psychiatry psychiatric social work psychiatric nursing and allied professions in mental health Psychopathology is often perceived as a stepchild of the more glamorous areas of diagnosis or assessment and therapy or behavioral change Nevertheless it is doubtful that any meaningful advancements in these areas will occur until there is a thorough understanding of the behavioral disorders The purpose of the present project was to devise a handbook that covered both general and specific topics in psychopathology and that would be useful to researchers practitioners and graduate or other advanced students in the mental health professions In order to implement this plan we selected very carefully colleagues whom we respect for their expertise in particular fields These include both clinicians and researchers with outstanding national reputations as well as more junior behavioral scientists and clinicians who in our opinion will achieve similar recognition in the future The chapters in this book lead us to believe that we have chosen wisely We would like to express our appreciation to these authors for their outstanding contributions and cooperation
