EDUCATIONAL TECHNOLOGY: INTEGRATING TECHNOLOGY INTO TEACHING AND LEARNING Pradeep

Singh, 2024-09-30 This book is a comprehensive guide that bridges the gap between general and educational psychology. It delves into the principles of psychology relevant to learning and teaching, emphasizing the role of teachers' attitudes and behavior, diverse learning types, and the impact of Information and Communication Technologies (ICT) in identifying teaching and learning barriers. On the other hand, *Empowering Students Through Inclusive Education* is a seminal work focusing on inclusive education, particularly in the context of South Africa. It advocates for the transformative role of ICT in education and explores strategies to support students with special needs in mainstream classrooms. The book underscores the philosophy of equity and diversity and discusses how ICT can facilitate cognitive skills development in learners experiencing learning barriers. It also highlights the use of Augmentative and Alternative Communication Technology in empowering learners to overcome communication barriers. Together, these books provide a holistic view of education, psychology, and inclusive education, offering valuable insights for educators, students, and policymakers. Add reaction
