Monitoring and Evaluation of Practice and Methods in Applied Social Research Sada H. Shah,2024-07-12

Monitoring and Evaluation of Practice and Methods in Applied Social Research is a comprehensive guide delving into the core concepts tools methods and approaches of monitoring and evaluation M E This book reveals the roots of M E illustrating its evolution from academia into a burgeoning field of science across various contexts The challenge practitioners face lies in the inconsistent terminology used for identical concepts among humanitarian organizations hindering the growth of M E through shared learning Embracing an abductive approach this book seeks to establish M E as distinct fields within social research In doing so it bridges the philosophical gap between novice and expert social researchers and provides a consolidated resource based on real world experiences Written by an expert with over a decade of hands on experience in applied social research this book serves as an invaluable tool offering insights into the diverse landscape of M E enabling students and practitioners to navigate various contexts with ease Nongovernmental organizations NGOs United Nations UN bodies and organizations involved in M E will also find this book instrumental creating a bridge of standardized concepts nomenclature and approaches

Monitoring & Evaluation Bongs Lainjo,2015-05-02 In Monitoring and Evaluation most manuals currently available emphasize either M and E or Evaluation Here is a primer with a significant difference If you are already an expert or still a neophyte with a strong urge to improve your skills including those who have always wanted to know but feared asking here is a manual for you that is unique inclusive simple no technical jargon and practical in several extra ordinary ways The primer covers a range of concepts illustrations and real life cases studies The vignette on the cover is a comprehensive example of what it is all about The hand book leads the reader from a program management life cycle to strategic frameworks to a model designed by the author on performance indicators quality control including case studies It has been implemented in Asia and Africa with an oral presentation made at a Canadian Evaluation Conference in Toronto Canada The real life cases include basic and advanced studies like randomized control trials using a quasi experimental design conducted during one of the author s evaluation assignments The data management systems DMS section follows the same approach above with a framework that includes all the relevant DMS components including sections on basic statistics complemented with illustrations and more real life case studies Concepts illustrations and cases cover statistical means sampling protocols and student t test among others
