Mytholudics Dom Ford, 2025-04-21 Games create worlds made of many different elements but also of rules systems and structures for how we act in them So how can we make sense of them Mytholudics Games and Myth lays out an approach to understanding games using theories from myth and folklore Myth is taken here not as an object but as a process a way of expressing meaning It works to naturalise arbitrary constellations of signs to connect things in meaning Behind the phrase just the way it is is a process of mythologization that has cemented it Mytholudics lays out how this understanding of myth works for the analysis of games In two sections each analysing five digital games it then shows how this approach works in practice one through the lens of heroism and one through monstrosity These ask questions such as what heroic mythology is constructed in Call of Duty What do the monsters in The Witcher tell us about the game's model of the world How does Hellblade Senua's Sacrifice weave a conflict between Norse and Pictish mythology into one between competing models of seeing mental illness This method helps to see games and their worlds in the whole Stories gameplay systems rules spatial configurations and art styles can all be considered together as contributing to the meaning of the game

EGods William Sims Bainbridge, 2013-04-04 William Bainbridge contends that the worlds of massively multiplayer online roleplaying games provide a new perspective on the human quest one that combines the arts and simulates most aspects of real life The quests in gameworlds also provide meaning for human action in terms of narratives about achieving goals by overcoming obstacles
