To Whom It May Concern:

It is my pleasure to write this letter of recommendation for Susan Clay, who has worked for me at Center Academy as a paraprofessional and in-house event planner for the past five years. During her terms of employment, she has tutored all self-contained subject areas, except secondary math, for grades 1-12. As always, she has shown her capability and knowledge in each.

Mrs. Clay is to be commended for her professional concern in offering quality support instruction to the special needs' population. She has made an exemplary effort to vary and present course materials in diverse ways to ensure success. She is receptive to new ideas and is resourceful and adaptive when working with the classroom teacher.

She is an organizer and always offers support in keeping things running smoothly and efficiently. She cares deeply for her students and always promotes them to do their best. Her approach to teaching is, "A teacher takes a hand, opens a mind, and touches a heart."

As an administrator for 25 years, and one who is profoundly interested in developing high quality teachers, I strongly endorse Susan Clay.

Sincerely,

Valerie Morelli
Principal
Center Academy

Examples Of Reference Letters For Paraprofessionals:

Training Paraprofessionals for Reference Service Julie Ann McDaniel, Judith K. Ohles, 1993 Training paraprofessionals is vital to providing good service and minimizing turnover This manual is designed for librarians creating and implementing a training programme for paraprofessionals who will be working in reference services The process is covered from goal setting to evaluation Paraprofessionals ,1978 **Providing Reference Services for Archives and Manuscripts** Mary Jo Pugh, 1992 *A Charter School Principal Story* Barbara J. Smith, 2024-03-18 What happens when a Canadian principal guided by the teachings of Fullan and Hargreaves takes on the role of school leader in an inner city charter school in the United States This inside story of a principal in the DC charter school system reveals much about the desire for educators and students to experience more than a life of multiple choice testing that tends to be so commonplace in these schools While such a case adds to the mound of research that supports the change takes time findings it nevertheless demonstrates the reality on a day to day basis of what s worth fighting for in schools Student and teacher engagement and empowerment matter and to get to such ends a school must fiercely focus on targets well beyond test scores

Health Sciences Librarianship M. Sandra Wood, 2014-05-09 This comprehensive textbook of health sciences librarianship provides the library student and new librarian with the background and skills necessary to handle day to day activities and provide quality services in a health sciences library or a more general library serving students and practitioners in the health professions The book has 16 chapters each authored by an experienced medical librarian and is organized logically into 4 sections The Profession Collection Services User Services and Administrative Services Each chapter contains photographs figures tables and charts illustrating the essential concepts introduced Overseen by a 3 member editorial board of leading professors in medical librarianship programs this authoritative text provides students beginning and experienced librarians with a comprehensive overview of state of the art medical librarianship **Annual Editions** Karen L.
