Experience, Reason, and the Crisis of the Republic Volume

1 Gilbert Null, 2021-09-29 Experience Reason and the Crisis of the Republic is a four part realist polemic against nominalism relativism and nihilism in two volumes of two parts each The first part of this first volume formulates in 1st order logic Husserl's realist dependence ontology of objects of experiences as the Calculus CP of Phenomena defines eight types of dependence contrasts realist to nominalist constituent ontologies and atomism and CP to Leonard Goodman's nominalist constituent ontology LGCI of individuals and discusses CP in relation to time and classical realist ontologies The second part of this volume uses CP objects as Urelements in a class set correlation theory E of intentional experiences of objects contrasts Kant's to Husserl's views of experienced time and Kant's view of noumena to Husserl's view of phenomena as limits of experience and argues that empirical facts are CP relation complexes and finite ordinals are formal objects abstracted from events of experience

The Experience of Authority in Early Modern England

Adam Fox, Paul Griffiths, Steve Hindle, 1996-08-16 This collection is concerned with the articulation mediation and reception of authority the preoccupations and aspirations of both governors and governed in early modern England It explores the nature of authority and the cultural and social experiences of all social groups especially insubordinates These essays probe in depth the ways in which young people responded to adults women to men workers to masters and the common sort to their betters Early modern people were not passive receptacles of principles of authority as communicated in for example sermons statutes and legal process They actively contributed to the process of government thereby exposing its strengths weaknesses and ambiguities In discussing these issues the contributors provide fresh points of entry to a period of significant cultural and socio economic

change Loose Leaf Experience Humanities Thomas F. X. Noble, Dr., Roy Matthews, DeWitt Platt, 2013-07-16 *The Routledge Companion to Ecstatic Experience in the Ancient World* Diana Stein, Sarah Kielt Costello, Karen Polinger Foster, 2021-12-30 For millennia people have universally engaged in ecstatic experience as an essential element in ritual practice spiritual belief and cultural identification This volume offers the first systematic investigation of its myriad roles and manifestations in the ancient Mediterranean and Near East The twenty nine contributors represent a broad range of scholarly disciplines seeking answers to fundamental questions regarding the patterns and commonalities of this vital aspect of the past How was the experience construed and by what means was it achieved Who was involved Where and when were rites carried out How was it reflected in pictorial arts and written records What was its relation to other components of the sociocultural compact In proposing responses the authors draw upon a wealth of original research in many fields generating new perspectives and thought provoking often surprising conclusions With their abundant cross cultural and cross temporal references the chapters mutually enrich each other and collectively deepen our understanding of ecstatic phenomena thousands of years ago Another noteworthy feature of the book is its illustrative content including commissioned reconstructions of ecstatic scenarios and pairings of works of Bronze Age and modern psychedelic art Scholars students and other readers interested in antiquity comparative religion and the social and cognitive sciences will find much to explore in the fascinating realm of ecstatic experience in the ancient world **The ^Aclaims of Experience** Nolan Bennett, 2019-08-21 Autobiography from Frederick Douglass s Narrative of the Life to J D Vance s Hillbilly Elegy has long been a popular genre that both authors and readers have utilized to understand particular political moments As this book argues such narratives have also contributed to the development of American political thought despite the fact that the field has not taken autobiography seriously as political theory in its own right This book considers the political contexts in which Benjamin Franklin Frederick Douglass Henry Adams Emma Goldman and Whittaker Chambers wrote their autobiographies to better understand not only the political problems to which autobiographical works can be a solution but the broader appeal of such claims of experience to the everyday life of democratic politics **Experience and Spirit** Dale M. Schlitt, 2007 Hegel s philosophy of religion is a philosophical theology in which God is conceived as a movement of inclusive divine subjectivity ultimately God inclusive of the world For Hegel this inclusive divine subjectivity took the form of a movement of conceptual thought In an effort to work with Hegel while going beyond him Experience and Spirit presents God as a movement of inclusive divine subjectivity however that movement is understood to be not one of thought but of enriching experience and thus of spirit This argument in favor of a renewed understanding of Hegel s true infinite proceeds in three major steps first a consideration of Hegel s own problematic proposal second the elaboration of a fuller and more contemporary notion of experience and third three constructive phenomenological and philosophical reflections on basic questions in philosophical theology namely the experience of God speaking about God and the notions of evil freedom and

mystery In the end Experience and Spirit proposes a philosophy of generosity both human and divine
