Explaining International Production Routledge Revivals:

Explaining International Production (Routledge Revivals) John H. Dunning, 2014-11-13 John Dunning's general theory of international production first propounded in the late 1970s has generated considerable debate. This work thoughtfully reassesses the paradigm and extends the analysis to embrace issues of theoretical and empirical importance. In a collection of essays the changing characteristics of international production are examined and an interdisciplinary approach suggested for understanding the multinational enterprise in the world economy. This book first published in 1988 will be of value not only to economists and international business analysts but to scholars in other fields notably organizational marketing and management specialists.

The Globalization of Business (Routledge Revivals) John H. Dunning, 2014-11-13 In recent years economic activity has become increasingly globalized. One of the main instruments behind this process is the multinational enterprise. In *The Globalization of Business* first published in 1993 John Dunning explores the latest issues in the world of international business and looks ahead at the remaining years of this century identifying the likely challenges of the future. What are the challenges posed by the technological, political and economic developments of the 1990s for international business? What are the implications of the opening up of new territories such as in Central and Eastern Europe and parts of China? To what extent are the competitive advantages of nation states increasingly coming to depend on the presence of multinational activity? What are the implications of the globalization of markets and production for the domestic economic policies of governments? This collection of essays will be vital reading to students of international business.

Coalitions and Competition (Routledge Revivals) Yair Aharoni, 2014-06-17 This title first published in 1993 was one of the first books to analyse the forces behind the increasing globalization of professional business services. Based on contributions from leading authorities in international business both academics and members of organizations such as GATT and UNCTAD it looks at the opportunities for growth, environmental and regulatory problems and the major problems of managing the international expansion of professional firms. Crucially it discusses such issues from the point of view of managers of such organizations and the role of governments in negotiating multinational agreements. This highly international and timely reissue will be of interest to students of international business as well as managers of professional business firms and policy makers involved in international trade issues.

International Management Manfred Fuchs, 2022-10-26 This textbook for students and practitioners offers answers to the most important questions and challenges of international management. The main topics are presented and discussed on three levels: a) the macroeconomic and institutional environment of the global economy; b) the international firms embedded as players in this environment; and c) the actual management decisions. The focus is placed both on the characteristics of the individual subject areas: macro, meso and micro perspective and on the interdependent connections between these areas. The main interest of this book lies in an application oriented analysis of the central strategic management decisions in internationalizing companies. This textbook has been recommended and developed

for university courses in Germany Austria and Switzerland E-Business. Generative Artificial Intelligence and Management Transformation Yiliu Paul Tu, Maomao Chi, 2025-07-09 The three volume set LNBIP 549 551 constitutes the refereed proceedings of the 24th Wuhan International Conference on E Business WHICEB 2025 which was held in Guangzhou China during June 6 8 2025 The total of 92 papers included in the proceedings was carefully reviewed and selected from 324 submissions The papers have been organized in topical sections as follows Part I Artificial Intelligence and New Ways of Working Conversational Artificial Intelligence and Information Behavior Data Analytics and Digital Governance Data Intelligence and Social Computing on Digital Platforms Digital Enablement and Digital Governance Digital Innovation and Social Impact Part II Digital Technologies for Sustainable Development Disruptive Technologies and Digital Transformation E business Strategy and Online Marketing Emerging e Commerce Initiatives Enabled by Advanced Technologies Engaging Technologies Part III Generative AI enhanced Risk Analytics and Modelling Healthcare Service and IT Management Human AI Integration in Organizations Next Gen Technologies and Social Commerce Privacy and Security in Artificial Intelligence Generated Content Transformative Digital Innovations Education Sports and Entertainment and General IS and Digital Business Topics *Development, Globalization, Global Values, and Security* Glen Segell, 2023-04-12 This book written in honor of Arno Tausch presents cutting edge research on globalization development and global values Internationally renowned authors cover topics such as global economic and political cycles global values and support for terrorism Over the last five decades the Austrian political scientist Arno Tausch was a pioneer in studies on globalization development and global values This collection of essays takes up the issues dealt with by Tausch and presents perspectives for the 21st Century Throughout his work Tausch applied quantitative methods to study the fundamental issues of the global political economy and the global political system like dependency economic and political cycles and global values based on a rigorous study of available social scientific data like the World Values Survey and the Arab Barometer **Multinational Enterprises and Sustainable Development** Pervez N. Ghauri, Xiaolan Fu, Juha Väättänen, 2017-09-25 This volume reports the results of the large international MNEmerge research project financed by the European Commission and provides an understanding of the impact of multinational enterprises on United Nations Millennium Development Goals and successive Sustainable Development Goals in developing countries **International Business and the Eclectic Paradigm** John Cantwell, Rajneesh Narula, 2003-07-24 The eclectic paradigm has arguably become the dominant theoretical basis in the study of FDI multinational corporations and internationalisation over the last two decades The contributions to this volume evaluate the eclectic paradigm in the global economy and its validity as a theoretical basis to understand developments such as economic globali Digitale Revolution, Fordismus und Transnationale Ökonomie Daniel Lorberg, 2018-06-29 Der bergang vom Industrie ins Digitalzeitalter verändert nicht nur die Arbeitsteilung zwischen Mensch und Maschine sondern begründet auch den bergang zu einer neuen Epoche der globalen konomie Der Autor analysiert theoretisch und empirisch

was das Neue ausmacht und wie es entstanden ist. Dabei zeigt er, wie die Digitale Revolution eine gesteigerte interne Koordinationsfähigkeit der Unternehmen und damit eine dominante Struktur von Transnationalen Unternehmen entstehen ließe sowie neue ökonomische und machtsstrukturelle Herausforderungen für die politische Steuerung und insbesondere die Zukunft des Nationalstaates hervorbringt. *The Crisis of Keynesian Economics (Routledge Revivals)* Geoffrey Pilling, 2014-05-01. Geoffrey Pilling's treatment of this complex issue in political economy first published in 1986 concentrates on a review of Keynes' writings rather than the vast literature that has developed surrounding his work since the Second World War. It does, however, consider the work of the Left Keynesians in particular, that of Joan Robinson. *The Crisis of Keynesian Economics* has the potential to throw fresh light on some of the issues facing political leaders today, particularly so given that much of the Neo Capitalist economic orthodoxy established during the 1980s has come under fresh criticism in recent years.
