

# FTCE Physical Education K-12: Assessment Strategies Latest 2022 Rated A

**Naturalistic Observations** ✓✓ This type of observation entail unobtrusively observing student performance as it typically occurs in students' usual daily setting, e.g., practice during regular PE classes. While this method has the advantage of seeing realistic instances of typical student behaviors, it has been criticized for allowing the teacher's judgments to be overly subjective.

**Structured Observations** ✓✓ a data collecting method in which researchers gather data without direct involvement with the participants (the researchers watch from afar) and the collection technique is structured in a well defined and procedural manner.

**Station Approach** ✓✓ In structured observations, teachers set up a circuit with several stations, assigning students to individual stations. What type of approach is this?

**Embedded Assessment** ✓✓ In structured observations, teachers instruct and assess simultaneously, evaluating students' learning while they practice skills—through periodic progress monitoring or end-of-unit summative assessment. This type of assessment is?

**Cognitive Domain** ✓✓ the knowledge component whereby students think and relate their experiences to learning.

**Affective Domain** ✓✓ the personal, emotional, and social component whereby students interact with other people, developing a sense of self and others

**Psychomotor Domain** ✓✓ the performance component whereby students acquire physical skills through environmental exploration.
