Bound by a Mighty Vow Diana B. Turk,2004-06-21 Explores the meaning of sisterhood for those who belonged to women s fraternities between 1870 and 1920 Bertha Maxwell-Roddey Sonya Y. Ramsey,2022-06-21 This biography of educational activist and Black studies pioneer Bertha Maxwell Roddey examines a life of remarkable achievements and leadership in the early years of the desegregated South Sonya Ramsey describes how Maxwell Roddey and her peers turned hard won civil rights and feminist milestones into tangible accomplishments in North Carolina and nationwide from the late 1960s to the 1990s African American Authors, 1745-1945 Emmanuel S. Nelson,2000-01-30 There has been a dramatic resurgence of interest in early African American writing Since the accidental rediscovery and republication of Harriet Wilson s *Our Nig* in 1983 the works of dozens of 19th and early 20th century black writers have been recovered and reprinted There is now a significant revival of interest in the Harlem Renaissance of the 1920s and in the last decade alone several major assessments of 18th and 19th century African American literature have been published Early African American literature builds on a strong oral tradition of songs folktales and sermons Slave narratives began to appear during the late 18th and early 19th century and later writers began to engage a variety of themes in diverse genres A central objective of this reference book is to provide a wide ranging introduction to the first 200 years of African American literature Included are alphabetically arranged entries for 78 black writers active between 1745 and 1945 Among these writers are essayists novelists short story writers poets playwrights and autobiographers Each entry is written by an expert contributor and provides a biography a discussion of major works and themes an overview of the author s critical reception and primary and secondary bibliographies The volume concludes with a selected general bibliography **Mary McLeod Bethune and the National Council of Negro Women** Elaine M. Smith,2003 **Hazing** Hank Nuwer,2018-03-01 When does becoming part of the team go too far For decades young men and women endured degrading and dangerous rituals in order to join sororities and fraternities while college administrators blindly accepted their consequences In recent years these practices have spilled over into the mainstream polluting military organizations sports teams and even secondary schools In *Destroying Young Lives Hazing in Schools and the Military* Hank Nuwer assembles an extraordinary cast of analysts to catalog the evolution of this dangerous practice from the first hazing death at Cornell University in 1863 to present day tragedies This hard hitting compilation addresses the numerous significant and often overlooked impacts of hazing including including sexual exploitation mental distress depression and even suicide *Destroying Young Lives* is a compelling look at how universities the military and other social groups can learn from past mistakes and protect their members going forward **The Chosen We** Rachelle Winkle-Wagner,2023-12-01 *The Chosen We* elevates the oral histories of 105 accomplished college educated Black women who earned success despite experiencing reprehensible racist and sexist barriers The central argument is that these women succeeded in and beyond college by developing a Chosen We a community with one another The book builds on their

words and insights to offer a powerful rethinking of educational success that moves away from individualistic and competitive models and instead imagines success as a result of recognizing what people owe to one another. It also uncovers the importance of the type of institutions that students attend for higher education comparing Black women's experiences not only by region and era but also by whether they attended a predominantly White institution (PWI) or a historically Black college or university (HBCU). *The Chosen We* features theoretical and methodological exemplars for how to conduct research across lines of difference. The Black women's oral histories shared here manifest the wisdom from which many groups in the United States might benefit: that liberation is only found through community. *The Kappa Alpha Journal* Kappa Alpha Order, 1904

African American Folklore Anand Prahlad, 2016-08-08 African American folklore dates back 240 years and has had a significant impact on American culture from the slavery period to the modern day. This encyclopedia provides accessible entries on key elements of this long history including folklore originally derived from African cultures that have survived here and those that originated in the United States. Inspired by the author's passion for African American culture and vernacular traditions, *African American Folklore: An Encyclopedia for Students* thoroughly addresses key elements and motifs in Black American folklore, especially those that have influenced American culture. With its alphabetically organized entries that cover a wide range of subjects from the word conjure to the dance style of twerking, this book provides readers with a deeper comprehension of American culture through a greater understanding of the contributions of African American culture and Black folk traditions. Race and Ethnicity in Secret and Exclusive Social Orders Matthew W. Hughey, 2015-04-10 Secret and private organizations in the form of Greek letter organizations, mutual aid societies, and civic orders together possess a storied and often romanticized place in popular culture. While much has been made of these groups' glamorous origins and influence such as the Freemasons' genesis in King Solomon's temple or the belief in the Illuminati's control of modern geopolitics, few have explicitly examined the role of race and ethnicity in organizing and perpetuating these cloistered orders. This volume directly addresses the inattention paid to the salience of race in secret societies. Through an examination of the Historically Black and White Fraternities and Sororities, the Ku Klux Klan in the US, the Ekpe and Abakuj secret societies of Africa, and the West Indies Gypsies in the United Kingdom, Black and White Temperance Lodges, and African American Order of the Elks, this book traces the use of racial and ethnic identity in these organizations. This important contribution examines how such orders are both cause and consequence of colonization, segregation, and subjugation, as well as their varied roles as both catalysts and

impediments to developing personal excellence creating fictive kinship ties and fostering racial uplift nationalism and cohesion This book was originally published as a special issue of Ethnic and Racial Studies *Soulstepping* Elizabeth Calvert Fine,2003 Stepping is a complex performance that melds folk traditions with popular culture and involves synchronized percussive movement singing speaking chanting and drama Elizabeth C Fine s stunningly elaborate and vibrant portrayal of the cultural politics of stepping draws on interviews with individuals on college campuses and steppers and stepping coaches from high schools community groups churches and dance organizations Soulstepping is the first book to document the history of stepping its roots in African and African American culture and its transformation by churches schools and social groups into a powerful tool for instilling group identity and community involvement The Kappa Alpha Journal ,1889 *Desmos of Delta Sigma Delta* Delta Sigma Delta,1903 Embracing Sisterhood Katrina Bell McDonald,2007 Embracing Sisterhood describes the contemporary state of the black woman collective and explores the legacy of black sisterhood in these times Through an examination of how these ideas are articulated and experienced in the population McDonald determines the relative degree of black sisterhood and black step sisterhood that exists among African American women today **Black Greek 101** Walter M. Kimbrough,2023-09-12 Black Greek 101 analyzes the customs culture and challenges facing historically Black fraternal organizations The text provides a history of Black Greek organizations beyond the nine major organizations examining the pledging practice the growth of fraternalism outside of the mainstream organizations the vivid culture and practices of the groups and challenges for the future **Presidents and Deans of American Colleges and Universities** ,1960 *The Phi Gamma Delta* ,1914 **American Black Women in the Arts and Social Sciences; A Bibliographic Survey** Ora Williams,1994-01-01 Calls attention to the many contributions African American women have made to American and world culture Includes pictures of artists art works and authors Trustees, Presidents and Deans of American Colleges and Universities ,1960 *The Firebrand and the First Lady* Patricia Bell-Scott,2016 This book tells the story of how a writer turned activist granddaughter of a mulatto slave and the first lady of the United States forged an enduring friendship that changed each of their lives and helped to alter the course of race and racism in America **Voices of Freedom** Henry Hampton,Steve Fayer,2011-08-03 A vast choral pageant that recounts the momentous work of the civil rights struggle The New York Times Book Review A monumental volume drawing upon nearly one thousand interviews with civil rights activists politicians reporters Justice Department officials and others weaving a fascinating narrative of the civil rights movement told by the people who lived it Join brave and terrified youngsters walking through a jeering mob and up the steps of Central High School in Little Rock Listen to the vivid voices of the ordinary people who manned the barricades the laborers the students the housewives without whom there would have been no civil rights movements at all In this remarkable oral history Henry Hampton creator and executive producer of the acclaimed PBS series Eyes on the Prize and Steve Fayer series writer bring to life the country s great struggle for civil rights as no conventional
