

Psychological Manipulation

HOW TO DEAL WITH MANIPULATIVE PEOPLE:

Disengage.

Manipulators typically try to extract a particular emotional response from you, but you must not give in to their demands. For example, if a manipulative friend has a habit of flattering you before asking for an impossible favor, don't give in- reply politely and change the topic of conversation.

Be confident.

A devious thing manipulators often do is make another person doubt their intuition, abilities and reality. If you ever experience this, stick to your opinions. And if this happens regularly in your relationships, it's a sign that maybe you should leave.

Address the situation.

Call them out for their manipulative behaviors at the time it is happening. When you speak about it, focus on how their behavior is affecting you rather than using accusatory remarks, but emphasize that their tactics won't work on you. This may aid in reaching a resolution.
