If you have a Type Cover for Surface Pro 4 (sold separately), snap it into place and open the kickstand.

## Set up your Surface Pro 4

Press the power button to turn on your Surface Pro 4. Windows starts and guides you through the setup process. For more info, see [Set up your Surface](#) on [Surface.com](#).

## The basics

### Power and charging

It takes two to four hours to charge the Surface Pro 4 battery fully from an empty state. It can take longer if you're using your Surface for power-intensive activities like gaming or video streaming while you're charging it.

You can use the USB port on your Surface Pro 4 power supply to charge other devices, like a phone, while your Surface charges. The USB port on the power supply is only for charging, not for data transfer. If you want to use a USB device, plug it into the USB port on your Surface.
