ALL content is
double-

The Modern Language Association (MLA) has moved toward a less-directive and individualized approach in formatting research papers with the release of the *MLA Handbook* 8th Edition (hereinafter "MLA-8"). For example, MLA repeatedly refers to professors' rights to establish unique formatting requirements ("MLA Style Center"). Accordingly, the formatting guidelines herein are basic recommendations, but professors' requirements, if and when those differ.

ALL content in the paper will be of the same font style (TIMES or ARIAL) and font size (12). This includes the HEADER, Title page, and the Works Cited page.

The *MLA-8* itself does not explain how to set up or lay out the "format" of the pages in a research paper. Rather, MLA chose instead to maintain the same guidelines as published in the

This fourth edition incorporates the latest advice from language authorities, usage guides, and new editions of major style manuals including *The Chicago Manual of Style*. It registers the tectonic shifts in twenty-first-century copyediting: preparing text for digital formats using new technologies; addressing global audiences; complying with plain language mandates ensuring accessibility; and serving self-publishing authors and authors writing in English as a second language. The new edition also adds an extensive annotated list of editorial tools and references and includes a bit of light entertainment for language lovers such as a brief history of punctuation marks that didn't make the grade, the strange case of *razbliuto*, and a few Easter eggs awaiting discovery by keen-eyed readers. The fourth edition features updates on the transformation of editorial roles in today's publishing environment; new applications, processes, and protocols for on-screen editing; major changes in editorial resources such as online dictionaries and language corpora; new grammar and usage authorities; online editorial communities; and web-based research tools. When you're ready to test your mettle, pick up *The Copyeditor's Workbook: Exercises and Tips for Honing Your Editorial Judgment*, the essential new companion to the handbook.
