Every Home a Distillery Sarah H. Meacham, 2009-10-12 American historians will find this study both enlightening and surprising Cynthia A Kierner George Mason University Historian [Review of Every Home a Distillery: Alcohol, Gender, and Technology in the Colonial Chesapeake \(Sarah Hand Meacham, 2013\)](#) Sean Smith, 2014 **A Woman's Place Is in the Brewhouse** Tara Nurin, Teri Fahrendorf, 2021-09-21 North American Guild of Beer Writers Best Book 2022 Dismiss the stereotype of the bearded brewer It's women not men who've brewed beer throughout most of human history Their role as family and village brewer lasted for hundreds of thousands of years through the earliest days of Mesopotamian civilization the reign of Cleopatra the witch trials of early modern Europe and the settling of colonial America *A Woman's Place Is in the Brewhouse* celebrates the contributions and influence of female brewers and explores the forces that have erased them from the brewing world It's a history that's simultaneously inspiring and demeaning Wherever and whenever the cottage brewing industry has grown profitable politics religion and capitalism have grown greedy On a macro scale men have repeatedly seized control and forced women out of the business Other times women have simply lost the minimal independence respect and economic power brewing brought them But there are more breweries now than at any time in American history and today women serve as founder CEO or head brewer at more than one thousand of them As women continue to work hard for equal treatment and recognition in the industry author Tara Nurin shows readers that women have been and are once again becoming relevant in the brewing world [Virginia Cider](#) Gregory J. Hansard, 2024-10-16 Your guide to the remarkable history and ongoing popularity of cider in the Commonwealth A cultural phenomenon with surprisingly deep roots cider has been one of Virginia's favorite beverages for more than four hundred years representing a time honored ingredient of the cultural heritage that the first English settlers brought with them to America Since the seventeenth century apple orchards have been a fixture of the farming landscape and cider was made and consumed by almost everyone men women and children of all socioeconomic orders throughout the state's history Recent decades have witnessed a renaissance of cider culture and cultivation and today cider making is a thriving craft beverage industry gaining ever greater numbers of enthusiasts and connoisseurs as more and more cideries spring up every year An essential title for the Virginian bookshelf and for all readers interested in American cider The definitive history of making and drinking cider in Virginia An in depth guide profiling the cideries throughout the state from Bold Rock to Big Fish with Try This suggestions for each location and a comprehensive map to help plan excursions Brief descriptions of the varieties of apples preferred by Virginia's cider makers In depth overviews of everything from Home Cider Making to Laird Company to Wassail **American Carbonator and American Bottler**, 1911 **Inn Civility** Vaughn Scribner, 2019-04-23 Examines the critical role of urban taverns in the social and political life of colonial and revolutionary America From exclusive city taverns to seedy disorderly houses urban taverns were wholly engrained in the diverse web of British American life By the mid eighteenth century urban taverns

emerged as the most popular numerous and accessible public spaces in British America These shared spaces which hosted individuals from a broad swath of socioeconomic backgrounds eliminated the notion of civilized and wild individuals and dismayed the elite colonists who hoped to impose a British style social order upon their local community More importantly urban taverns served as critical arenas through which diverse colonists engaged in an ongoing act of societal negotiation In Civility exhibits how colonists struggles to emulate their British homeland ultimately impelled the creation of an American republic This unique insight demonstrates the messy often contradictory nature of British American society building In striving to create a monarchical society based upon tenets of civility order and liberty colonists inadvertently created a political society that the founders would rely upon for their visions of a republican America The elitist colonists futile efforts at realizing a civil society are crucial for understanding America s controversial beginnings and the fitful development of American republicanism
