

ACKNOWLEDGMENTS

My deep gratitude goes to those who offered support and encouragement on the project, particularly my dear wife Elspeth, my three children Fiona, Simon and Peter, and my son-in-law Mark.

I also wish to thank, most especially, the Right Reverend Pedro Oliveira, and the Very Reverend Dr Ronald A Rivett, the latter a former Vicar-General of the Liberal Catholic Church in Australia, who have believed in and inspired me, and who have shared with me so much of their wisdom and knowledge over the years.

Very special and heartfelt thanks are also due to the Reverend Dr Arthur F Mowle, Director, Liberal Catholic Institute of Studies, for suggesting the title and topic areas of this thesis as well as the wording of the various chapter headings, and for furnishing invaluable reading material. I will always be grateful for his encouragement, kind words, wise counsel and advice during the preparation of this thesis and otherwise. I also wish to thank most sincerely the Right Reverend Graham Preston, Regionary Bishop of the Liberal Catholic Church in the Province of Australasia (including Indonesia) for his encouragement, support and wise counsel.

I have also learned much from my many friends at the Liberal Catholic Church of Saint Francis, Gordon NSW in the years since I first started attending services there on a regular basis in 1985.

Thanks are also due to Melinda Aitkenhead for her IT technical assistance.

This thesis is dedicated to my late parents, Harry and Phyl, who believed in me and taught me to be honest and always to strive for the best. From them I learned that there can be true religion, faith and objective moral values without dogmatism, fundamentalism, cant and hypocrisy.

Building Vocabulary: Grade 5: Kit eBook ,2013-03-22 **Religion, Education and the State** Mark Strasser,2016-04-08 In the context of education Church and State issues are of growing importance and appear to be increasingly divisive This volume critically examines the developing jurisprudence relating to religion in the schools beginning with *Everson v Board of Education* where the US Supreme Court discussed the wall of separation between Church and State The study traces both how the Court's views have evolved during this period and how through recharacterizations of past opinions and the facts underlying them the Court has appeared to interpret Establishment Clause guarantees in light of the past jurisprudence when in reality that jurisprudence has been turned on its head The Court not only offers an unstable jurisprudence that is more likely to promote than avoid the problems that the Establishment Clause was designed to prevent but approaches Establishment Clause issues in a way that decreases the likelihood that an acceptable compromise on these important issues can be reached The study focuses on the situation in the US but the important issue of religion education and the state has great relevance in many jurisdictions
