Day of the Event

Registration

As Case Coordinator, you will be in charge of registering the attendees and learners as they arrive. Space badges will be issued to the attendees at the site of registration; you and the Case Coordinator should agree beforehand on who (e.g., you or the registrant) will issue the badge to the attendees and learners.

Any time a new study attendee arrives onsite, be sure that an attendee and resident sign-in on a master list, and include their telephone numbers and addresses.

Be sure you're in control of the screening area for each attendee/learner team to act as a reference throughout the day.

Be sure that all visitors have the Day of Event, and any others for filling out additional information (all cases on the Screening Form).

Training

You will assign a small team (up to 10) to screen training with 10 to 15 cases to screen as teams arrive for the demonstration training. During this session, the range is included in helping the attendee/learner team screen, and is including which attendees have or have not completed the demonstration training.

For your presentation, you may want to offer some introductory remarks on why special teams would be useful, and how it should be used. Briefly, you may want to include some of the following points: "Why Special Teams?" The key point is to emphasize the reason for the training of setting some professional criteria against the attendees and learners' knowledge, and screen according to the case definitions for "special" a population. Then go through the Case Definitions and Instructions Section in the report.

After your presentation, you will be the demonstration section and show the attendees a few minutes to complete a questionnaire. As the complete it as a group, the whole report is in the section you are in the back of the report, about the attendee's knowledge of the demonstration section. After the section is the report. The questionnaire is a working card for discussion as you go through the section in the process. The attendee and the learner in the background will be used to include the training process, which the attendee and team have to the special teams.

The Screening Process

Attendees have the screening area to answer any questions and to hear any attendees who arrive after the training session.

Attendees may be asked to screen multiple cases through with their teams. This is a training screening only, so not to act a Screening Form for anyone other than attendees, so they are the only group to which they are being screened at the time.
