Paper 1 - UK Geographical Issues - Fieldwork - Work Booklet

Topic

1. Suggest a simple question or hypothesis for the students to explore in their investigation.

The earthquake in Haiti destroyed the primary water supply from the river?

The first part of this response is positive although there is a hint that it would be difficult to answer this question. The second part of this response is positive and gives a clear answer to the question. The third part of this response is positive and gives a clear answer to the question.

Do not leave things unsimplified. Having a simple question is important in geography - why make it too difficult?

12. Suggest how the use of technology (e.g. GPS) might help to improve the students' knowledge of the local area and the flow of water in the area.

It may also give a better idea of the water flow and the water level. It may also give a better idea of the water flow and the water level. It may also give a better idea of the water flow and the water level.

There is a link between the earthquake and the water supply. The earthquake destroyed the primary water supply from the river. This is a problem for the people who live in the area. They need water to drink and to grow crops. They need water to drink and to grow crops. They need water to drink and to grow crops.
