relations with political commentators acknowledging that Nigeria has never been so divided as it presently is in its history. The struggles have now degenerated into kidnaps, armed robbery, and incessant targeted and random killings across the country, compounding the already complex problem of insecurity in Nigeria. The chapters in this volume engage with these issues, presenting the different arguments on resource conflicts in Nigeria. They draw insights from similar conflicts in Nigeria's colonial, post-independence past, and events from around the world to proffer possible solutions to resource-related confrontations in Africa. By offering a collection of different intellectual perspectives on resource conflicts in Nigeria, this volume will be an important reference material for understanding the diversity of thought patterns that underpin the struggle and policy approaches towards resolving conflict situations in Africa. This volume will be of considerable interest to scholars of Africa, researchers in the humanities, social sciences, and conflict studies, and policymakers interested in understanding the resource crisis in Africa.
