Johannes Frische,2025-03-06 While the role of youth in the Arab Spring is acknowledged their living conditions remain critical Johannes Frische offers a fresh perspective on Tunisia s post revolutionary transition by examining employment and income strategies in disadvantaged urban areas He reveals a grim reality young people face structural unemployment informality and precariousness Focusing on the low income suburb of Ettadhamen in Greater Tunis he highlights the impact of sociospatial segregation economic stagnation and social marginalization This close up on youth s everyday life challenges the notion of youth as a simple transitional phase instead exposing their ongoing struggle with precarity and exclusion
