15-Minute Story Unknown, This true story happened in the month of February 1831 It was a bright moonlit night and it was extremely cold The little brig I commanded lay quietly at her anchors inside the bay When at length we made the port all hands were almost exhausted We could not have held out two days longer without relief The bay we nestled in was welcome relief and we planned to shelter there for a number of days A bitter cold night Mr Larkin I said to my mate I paused for a moment on deck to finish my pipe and I watched the water The tide was running out so strong that the force of it would break off cakes of ice from the mass at the shore and swiftly carry them out toward the sea beyond These cakes filled the bay and could be dangerous if they scraped the side of the boat too hard in passing The tide is running out swift and strong I added It will be well to keep a sharp look out for this floating ice Mr Larkin Ay ay sir answered the mate and I went below Two hours afterwards I was aroused from a sound sleep by that same officer Excuse me for disturbing you captain said he as I glared at him I wish you would turn out and come on deck as soon as possible Why what s the matter Mr Larkin Why sir I have been watching a cake of ice that swept by at a little distance a moment ago I saw something black upon it something that I thought moved Find out what Mr Larkin saw and how he and the captain rescued two small children from a floating cake of ice in this exciting adventure tale Ages 8 and up Educational Versions have exercises designed to meet Common Core standards LearningIsland com believes in the value of children practicing reading for 15 minutes every day Our 15 Minute Books give children lots of fun exciting choices to read from classic stories to mysteries to books of knowledge Many books also work well as hi lo readers Open the world of reading to a child by having them read for 15 minutes a day *Aaron Tiny and the Great Snake Invasion* Cullen Gwin, I m bored thought Aaron Tiny as he sat behind a wall He was staring through a tiny nail hole in the wall watching Peter Martin the big boy in the next room playing video games I could do better than he s

doing Aaron sighed At that moment Aaron heard the boy s mother calling him Peter are you ready to go to Aunt Martha s with me Ready or willing muttered Peter under his breath When his mother appeared in the doorway Peter finally turned off the video game and headed out A moment later Aaron heard the front door close behind them He waited several minutes just to be sure they weren t coming back for something they had forgotten then he quickly hurried down the hallway that had been built into the walls of the big people s house Now was his chance Aaron had discovered a mouse hole that led into Peter s bedroom only the week before It had taken a little exploring but finally he figured out a way to get down to the mouse hole and back up He had needed a rope to climb on but just that week the big family had thrown away an old lamp and the cord was perfect for the task Find out what happens when Aaron sneaks into Peter s room to play a video game and finds himself in the middle of an earthquake The Tinys are a family of very small people that live inside the walls of a big person s apartment In many ways Tinys are like littles but they don t have tails like littles do There are four children in the Tiny family Gabrielle or Brie as she is better known is the oldest Then comes Aaron the only boy After Aaron are the twins Danielle and Rachelle They all live with their mother and father Living nearby are their grandmother and their Aunti Karen who they spend a lot of time with The Tinys all live in the walls of an apartment that belongs to the Martin family In the Martin Family there are the parents June and Jerry and their only child Peter They also have three cats As you may know cats love to chase things that are smaller than they are and tinys are just the right size for a cat to chase The cats will pounce on the tinys and bat them around They may not mean to hurt the tinys but they do That s why tinys don t like cats The Tinys work hard at making things work They like to recycle things that the big people throw away They also like parties and good times and spending time together In many ways Tinys are just like you and me only smaller Read about the adventures of the Tinies in this series
