korin_riske@beaverton.k12.or.us

I am so looking forward to having you in IB chem with me in the Fall, please know it will be in-depth, fast paced and rigorous ...but most of all it will be fun!! This course will challenge you to not only advance your (already superb) chemistry knowledge, but also to develop your critical thinking problem solving and inquiry skills. I believe that learning to think and learn is much more important than learning facts (though we will need to hit those as well). So please come into my class prepared to take responsibility for your own learning. I can provide resources, opportunities, advise, insight and support (moral and otherwise), but the only person who can help you to truly succeed and thrive in this class is yourself.

Completion of this packet is required, and will be due the first day of school. The packet is graded and will count for 50% of your first test score (First Test will be the third day of class and will cover foundational material that you already know from STEM chem – the contents of this packet). Use the check sheet at the end of the packet to be sure you have completed all the necessary work and use that sheet as the cover page for the work you will be turning in.

Packet Contents:

- **REFERENCE** (you should read and be familiar with all of the content in these reference pages)
 - Underlying Philosophy of the course
 - Obtaining a High Final Grade
- **REVIEW** (this is the content you need to complete and turn in on the first day of school)
 - Things you should know (annoying but useful memorization)
 - Vocabulary
 - Basic Review Problems (these are examples of things you should know how to do)
 - Lab Safety
 - Topic 1: Stoichiometric Relationships
 - Concept Review
 - Topic 2: Atomic Structure
 - Topic 3: Periodicity
 - Topic 4: Chemical Bonding & Structure
 - Topic 5: Energetics and Thermodynamics
 - Topic 6: Chemical Kinetics
 - Topic 7: Equilibrium
 - Challenge Problems

Separate packet – Topic 1 Text – We will not be directly covering topic 1 in class so be sure you know this material (it should all be review). Do the problems from this chapter (key included).

Internet Resources: Khan Academy Chemistry, Chemguide – UK, Also my website has links to many useful resources.

****I will try to email you all to let you know when the key is posted about 2 weeks before school.**
