leaders we must navigate these tumultuous times and make tough decisions to guide our organizations to success. Champion leaders want to be truly exceptional regardless of the maelstrom of change they are experiencing. Not only do they want their organizations to succeed but they also want to live fulfilling lives. They want the same for those in their organizations and personal lives as well. How do we effectively lead in times of constant often dramatic change? And equally important, how do we simultaneously create a satisfying meaningful life? The C2 Factor, the synergistic application of curiosity and courage, offers a path to both. This book reveals that when leaders manifest both traits, they embrace the professional and personal opportunities the future brings. When the landscape is shifting beneath our feet, the C2 Factor enables us to lead more effectively and helps us cultivate more fulfilling personal lives. While other books have looked at curiosity and courage separately, The C2 Factor for Leadership examines how, when combined, profound curiosity and relentless courage lead to remarkable outcomes. One enhances the other in a powerful alchemy that improves our outcomes, how we show up as leaders in our organizations and as human beings in our personal lives. Beginning with ourselves and expanding to our relationships, our teams, our organizations, and to the world, this book demonstrates how the C2 Factor can be applied for superior results. To be a truly exceptional leader, to live a satisfying life, we must have profound curiosity and relentless courage. We must exercise the C2 Factor. Without it, we run the risk of being leaders who are robotic, academic, or reckless. With the C2 Factor, we can be champions.
