

## Shakespeare's Othello: Iago's Manipulation of Others

6 pages | 1410 words

W.H Auden once said, 'There is more than meets the eye', meaning that there may be a hidden meaning behind a person's appearance. Lying and manipulation are common in life, and many people hide their true desires with masks. In William Shakespeare's play Othello, the main character Iago is the same as those dishonest people. Behind his fake appearance as a moral and loyal friend with good intentions, Iago is in fact a jealous and dishonest evil person who creates violence and accidents between characters." The incidents that take place at the opening of the play, at the same time as the change in the attitude of Iago" (Badger) throughout the play, Iago uses his precise strategic acts of manipulation to weaken each character in the play. Iago manages to exploit Rodrigo's love for Desdemona, fools Cassio into believing they have a friendship, and toys with Othello's mind by playing on his self-doubt. Slowly but surely Iago manipulates the people around him by using their weaknesses. One of Iago's first victims is Roderigo who's easy-to-trick and childlike (because of a lack of understanding) to Iago's tricks. Roderigo's sexual desire for Desdemona makes it so easy for Iago to trick him. His obsession causes him to definitely believe anything Iago says about getting Desdemona. Along with lies Iago tells about winning (by force) Desdemona he also tricks Roderigo of his fortune. He tricks Roderigo, convincing him that all the gold and jewels will be given to Desdemona as a sign of his love for her, when in fact he plans to keep it for himself. Iago says: "Thus do I ever make fool my purse" (Shakespeare, I.ii.347). Evidently, Iago misleads Roderigo once more by convincing him to kill Cassio. Rodrigo who is to childlike (because of a lack of understanding) to see what is going on gets blinded for fear of losing Desdemona. Roderigo says: "I have no great devotion to the deed/and yet he hath given my satisfying reasons/ 'Tis but a man gone. Forth, my sword he dies" (Shakespeare, V.i. 8-10). Poor Roderigo falls victim to his plan in attempting to kill Cassio. Fundamentally, Iago kills Roderigo instead. Iago ruthlessly says: "I have rubbed this young quat almost to the sense/ and he grows angry/no, he must die. But so, I hear him coming" (Shakespeare, V.i. 11-23). This evidence proves how Iago took advantage of poor Roderigo for his own personal need, and then disposes of him once he is no longer a benefit. Finally, Roderigo is held hostage in Iago's big dishonest plans, there was no good reason for and captured into slavery with his blinded sexual desire for Desdemona, in the end Roderigo pays the price and ends up dying. Sadly Roderigo isn't the only one of Iago's many victims, Cassio trusting nature with Iago allows him to capitalize him by pretending to be his friend secretly being dishonest to him "One need not look for a clear sense when he toys with the word about Cassio; the question is how it came to be so mystifying" (Empson) . In the play, Iago encourages Cassio to drink...

**Manipulation** Robert Noggle, 2025-02-24 Gaslighting flattery misdirection nagging emotional blackmail charm offensives playing on emotions These are all examples of ordinary manipulation Such manipulation is common in everyday life which is unfortunate since manipulation seems like a bad thing

**Manipulation Its Nature Mechanisms and Moral Status** answers three questions about manipulation what is it how does it work and why is it bad Addressing the first question requires us to find something that all forms of manipulation have in common but which is not shared by other forms of influence Robert Noggle argues that the common feature of all forms of ordinary manipulation is that they are mistake inducing This idea is the basis for the Mistake Account of manipulation which defines manipulation as a kind of influence that operates by introducing a mistake into the mental states or processes of the person being influenced To explain how manipulation works this book explores the psychological levers that manipulators use to get us to make the mistakes that will get us to do what they want These include various cognitive and decision making biases our tendency to choose the lesser good over the greater good when the lesser good is immediately available and the simple fact that human reason is an imperfect thing To explain why manipulation seems like a bad thing Noggle first argues that while manipulation is always presumptively immoral it can be justified in extreme situations He then shows that manipulation's presumptive immorality derives from the fact that it involves getting someone to make a mistake and making a mistake is a bad thing However the most morally egregious instances of manipulation also have bad effects on well being and autonomy This book concludes by applying the Mistake Account to various influences including priming conditioning nudges advertising sales and online influences

**From Chaucer's Pardoner to Shakespeare's Iago** Maik Goth, 2009 In The Western Canon The Books and School of the Ages the American critic Harold Bloom claims that Shakespeare drew on Chaucer's Pardoner when creating the villain Iago for his Othello This book turns Bloom's observation of influences within the canon of Western literature into a more complex intermedial analysis of dramatic and literary traditions at the waning of the Middle Ages and the dawn of the Renaissance The discussion of verbal and non verbal codes in Chaucer's presentation of the Pardoner and Shakespeare's depiction of Iago sheds light on the various strands of the Vice's development and shows that Chaucer's pilgrim who descends obliquely from the stage Vices stands at the very beginning of the Vice tradition while Iago is a late development of him who adapts his role to new dramatic challenges
