Ib Geography 2012 Paper 1 Mark Scheme:

The SAGE Handbook of Research in International Education Mary Hayden, Jack Levy, Jeff Thompson, 2015-10-13

The landscape of international education has changed significantly in the last ten years and our understanding of concepts such as international global and multicultural are being re evaluated Fully updated and revised and now including new contributions from research in South East Asia the Middle East China Japan Australasia and North America the new edition of this handbook analyses the origins interpretations and contributions of international education and explores key contemporary developments including internationalism in the context of teaching and learning leadership standards and quality in institutions and systems of education the promotion of internationalism in national systems This important collection of research is an essential resource for anyone involved in the practice and academic study of international education including researchers and teachers in universities governmental and private curriculum development agencies examination authorities administrators and teachers in schools

Sustainable Development Risks and Risk Management Elena G. Popkova, 2023-10-19 This book is devoted to a systemic study of socio economic development risks arising in the Decade of Action as well as the prospects for risk management in support of sustainable development It aims to overcome fragmentary consideration of risks in the existing literature through their comprehensive coverage and the establishment of their interconnections from the perspective of sustainable development The novelty of this book is that it provides a comprehensive accounting of socio economic development risks in the Decade of Action as well as a rethinking of these risks from a sustainable development perspective The book also opens up the possibility of the most comprehensive and effective risk management in support of sustainable development The practical relevance of the book stems from the fact that it describes and discusses practical experience in detail and accompanies the theoretical material with numerous case studies including cases and frameworks with extensive coverage of international best practices The book is intended for scholars for whom the book forms a systemic scientific view of the risks of socio economic development arising in the Decade of Action as well as the prospects for risk management in support of sustainable development The book is also of interest to practitioners for whom it offers practical advice on risk management at all levels of the economy for sustainable development Many examples from different countries make the book attractive to a wide international audience The book is of particular interest to readers from Russia
