Preface *A User's Guide to the Brain* John J. Ratey, M.D., 2002-01-08 John Ratey bestselling author and clinical professor of psychiatry at Harvard Medical School lucidly explains the human brain s workings and paves the way for a better

understanding of how the brain affects who we are Ratey provides insight into the basic structure and chemistry of the brain

and demonstrates how its systems shape our perceptions emotions and behavior By giving us a greater understanding of how

the brain responds to the guidance of its user he provides us with knowledge that can enable us to improve our lives In A

User s Guide to the Brain Ratey clearly and succinctly surveys what scientists now know about the brain and how we use it

He looks at the brain as a malleable organ capable of improvement and change like any muscle and examines the way

specific motor functions might be applied to overcome neural disorders ranging from everyday shyness to autism Drawing on

examples from his practice and from everyday life Ratey illustrates that the most important lesson we can learn about our
