Strengthening Data Science Methods for Department of Defense Personnel and Readiness Missions National Academies of Sciences, Engineering, and Medicine, Division on Engineering and Physical Sciences, Board on Mathematical Sciences and Their Applications, Committee on Applied and Theoretical Statistics, Committee on Strengthening Data Science Methods for Department of Defense Personnel and Readiness Missions, 2017-02-06 The Office of the Under Secretary of Defense Personnel Readiness referred to throughout this report as P R is responsible for the total force management of all Department of Defense DoD components including the recruitment readiness and retention of personnel Its work and policies are supported by a number of organizations both within DoD including the Defense Manpower Data Center DMDC and externally including the federally funded research and development centers FFRDCs that work for DoD P R must be able to answer questions for the Secretary of Defense such as how to recruit people with an aptitude for and interest in various specialties and along particular career tracks and how to assess on an ongoing basis service members career satisfaction and their ability to meet new challenges P

R must also address larger scale questions such as how the current realignment of forces to the Asia Pacific area and other regions will affect recruitment readiness and retention While DoD makes use of large scale data and mathematical analysis in intelligence surveillance reconnaissance and elsewhere exploiting techniques such as complex network analysis machine learning streaming social media analysis and anomaly detection these skills and capabilities have not been applied as well to the personnel and readiness enterprise Strengthening Data Science Methods for Department of Defense Personnel and Readiness Missions offers and roadmap and implementation plan for the integration of data analysis in support of decisions within the purview of P R

The Continuing Imperialism of Free Trade Jo Grady,Chris Grocott,2018-10-08 In 1953 John Gallagher and Ronald Robinson shook the foundations of imperial history with their essay The Imperialism of Free Trade They reshaped how historians saw the British empire focussing not on the red bits on the map and the wishes of policy makers in London but rather on British economic and political influence globally Expanding on this analysis this volume provides an examination of imperialism which brings the reader right up to the present This book offers an innovative assessment and analysis of the history and contemporary status of imperial control It does so in four parts examining the historical emergence and traditions of imperialism the relationships between the periphery and the metropolitan the role of supranational agencies in the extension of imperial control and how these connect to financialisation and international political economy The book provides a dynamic and unique perspective on imperialism by bringing together a range of contributors both established and up and coming scholars activists and those from industry from a wide range of disciplines and backgrounds In providing these authors a space to apply their insights this engaging volume sheds light on the practical implications of imperialism for the contemporary world With a broad chronological and geographical sweep this book provides theoretical and empirical engagements with the nature of imperialism and its effects upon societies It will be of great interest to a broad range of disciplines across the humanities and social sciences especially those working in History Politics and Management and Organisation Studies

The Memo John Wesley Yoest, Jr.,2017-08-29 Critical Role of Animal Science Research in Food Security and Sustainability National Research Council,Division on Earth and Life Sciences,Board on Agriculture and Natural Resources,Policy and Global Affairs,Science and Technology for Sustainability Program,Committee on Considerations for the Future of Animal Science Research,2015-03-31 By 2050 the world s population is projected to grow by one third reaching between 9 and 10 billion With globalization and expected growth in global affluence a substantial increase in per capita meat dairy and fish consumption is also anticipated The demand for calories from animal products will nearly double highlighting the critical importance of the world s animal agriculture system Meeting the nutritional needs of this population and its demand for animal products will require a significant investment of resources as well as policy changes that are supportive of agricultural production Ensuring sustainable agricultural growth will be essential to addressing this global challenge to food security Critical Role of Animal Science Research in Food

Security and Sustainability identifies areas of research and development technology and resource needs for research in the field of animal agriculture both nationally and internationally This report assesses the global demand for products of animal origin in 2050 within the framework of ensuring global food security evaluates how climate change and natural resource constraints may impact the ability to meet future global demand for animal products in sustainable production systems and identifies factors that may impact the ability of the United States to meet demand for animal products including the need for trained human capital product safety and quality and effective communication and adoption of new knowledge information and technologies The agricultural sector worldwide faces numerous daunting challenges that will require innovations new technologies and new ways of approaching agriculture if the food feed and fiber needs of the global population are to be met The recommendations of Critical Role of Animal Science Research in Food Security and Sustainability will inform a new roadmap for animal science research to meet the challenges of sustainable animal production in the 21st century **Arab Dawn** Bessma Momani,2015-11-26 In the West news about the Middle East is dominated by an endless stream of reports and commentary about civil war sectarian violence religious extremism and economic stagnation But do they tell the full story For instance who knew that university enrolment in the war torn Palestinian territories exceeds that of Hong Kong or that more than a third of Lebanese entrepreneurs are women Change is on its way in the Middle East argues Bessma Momani and its cause is demographic Today one in five Arabs is between the ages of fifteen and twenty four Young optimistic and increasingly cosmopolitan their generation will shape the region s future Drawing on interviews surveys and other research conducted with young people in fifteen countries across the Arab world Momani describes the passion for entrepreneurship reform and equality among Arab youth With insightful political analysis based on the latest statistics and first hand accounts Arab Dawn is an invigorating study of the Arab world and the transformative power of youth World Ocean Assessment Alan Simcock,2017-04-17 This United Nations report examines the current state of knowledge of the world s oceans for policymakers and provides a reference for marine science courses Shared Governance for Sustainable Working Landscapes Timothy M. Gieseke,2016-08-05 Sustaining our agricultural landscapes is no longer just a technical scientific or even political problem but it has evolved into a socially complex so called wicked problem of conflicting social governance and economics This creates an extreme economic obstacle where the value of ecosystem services remains low and diffuse and the transactions costs remain high and multiple Using Uber like business platform technology and a shared governance model a symbiotic demand for environmental benefits is created Enabling multi sector transactions for environmental benefits this platform innovation would remedy the tragedy of the commons the economic nemesis to achieving landscape sustainability In a nutshell to sustain our agricultural landscapes a transdisciplinary approach supported by a shared governance model housed within a multi sided platform is needed This book introduces an assessment framework identifying governance actors styles and ratios for socio ecological systems The assessment uses a new governance compass to identify

the types of actors completing which tasks and identifies the styles of governance used to complete the tasks It is aimed to anyone involved in sustainability science agricultural policy planning or integrated landscape design *Slick Royce Kurmelovs*,2024-07-30 A riveting expose of the global oil industry s multi decade conspiracy to muddy the waters around the science of climate change and use the Australian government to undermine worldwide efforts to address environmental devastation Researched and written by one of Australia s most fearless investigative journalists Slick reveals how the US petroleum industry was warned about its environmental impacts back in the 1950s and yet went on to build the Australian oil industry which in turn tried to drill the Great Barrier Reef sought to strongarm governments and joined a global effort to bury the science of climate change and delay action despite knowing the harms it would cause Slick also tells the stories of fire and flood survivors as well as of the activists engaged in a high risk fight for the future of Australia and of the efforts being made to save ourselves from catastrophe In this superb in depth work of journalism Royce Kurmelovs provides an on the ground examination of how the fossil fuel industry captured Australia and outlines what s at stake for the survival of the planet and our democracy *Africa's Lions* Haroon Borat, Finn Tarp,2016-11-08 Examining the economic forces that will shape Africa s future *Africa s Lions* examines the economic growth experiences of six fast growing and or economically dominant African countries Expert African researchers offer unique perspectives into the challenges and issues in Ethiopia Ghana Kenya Mozambique Nigeria and South Africa Despite a growing body of research on African economies very little has focused on the relationship between economic growth and employment outcomes at the detailed country level A lack of empirical data has deprived policymakers of a robust evidence base on which to make informed decisions By harnessing country level household firm and national accounts data together with existing analytical country research the authors have attempted to bridge this gap The growth of the global working age population to 2030 will be driven primarily by Africa which means that the relationship between growth and employment should be understood within the context of each country s projected demographic challenge and the associated implications for employment growth A better understanding of the structure of each country s workforce and the resulting implications for human capital development the vulnerably employed and the working poor will be critical to informing the development policy agenda As a group the six countries profiled in *Africa s Lions* will largely shape the continent s future Each country chapter focuses on the complex interactions between economic growth and employment outcomes within the individual *Africa s Lions* context *Maximizing Commerce and Marketing Strategies through Micro-Blogging* Burkhalter, Janée N., Wood, Natalie T.,2015-05-31 The Internet is quickly becoming a commonly used tool for business customer interaction Social media platforms that were once typically reserved for personal use are now becoming a vital part of a business s strategy *Maximizing Commerce and Marketing Strategies through Micro Blogging* examines the various methods and benefits of using micro blogs within a business context bringing together the best tools and tactics necessary to properly incorporate this approach Highlighting current empirical research

and insights from various disciplines this book is an essential reference source for academics graduate students social media strategists and business professionals interested in the positive use of social media in business environments

Risk Regulation in the Internal Market Maria Weimer,2019-03-13 This book offers a topical inquiry into the legal and political limits of EU regulation in the field of risk and new technologies surrounded by techno scientific complexity uncertainty and societal contestation It uses agricultural biotechnology as a paradigmatic example to illustrate the complex intertwinement between environmental public health economic and social concerns in risk regulation Weimer analyses the drawbacks of the EU approach to agricultural biotechnology showing that its reductionism i e the narrow understanding of GMO risks as well as the exclusion of broader societal concerns related to environmental and social sustainability has undermined both the legitimacy and effectiveness of EU regulation in this area Resistance to this approach however has also triggered legal innovations prompting us to re think EU internal market law including the way in which it manages the tensions between unity and diversity and between social and economic concerns This text offers fresh and original insights into how far the EU can go in harmonizing regulatory approaches to risk At the same time it proposes new ways of re thinking EU risk regulation to make it more responsive to different perspectives on risk and technology A unique feature of this book is that it contributes to various strains of scholarship including risk regulation internal market law public administration and studies of governance and regulation as well as connecting these themes to broader debates about the legitimacy of European integration and new ways of differentiated integration As a result it assists in re imagining the EU internal market and its regulation as a site of diversity

The Sociology of Translation and the Politics of Sustainability John Ødemark,Åmund Norum Resløyken,Ida Lillehagen,Eivind Engebretsen,2024-01-24 This book uses sustainability to explore the interfaces between translation studies the cultural history of knowledge and Science and Technology studies STS The volume examines various material cultural and epistemic translation practices where sustainability serves as a boundary object between natural and cultural inquiry By turning to the intellectual traditions that influenced but were left behind by STS and actor network theory ANT we aim to challenge and expand the Sociology of Translation developed in ANT Concepts

such as inscription Derrida actant narrative Greimas and world worlding Heidegger Spivak were reemployed translated in the canonical STS texts What networks of meaning were left behind in this reemployment The book showcases a combination of cultural and knowledge historical perspectives on the construction of the Sociology of Translation and practical experiments across the registers of nature and culture is novel There have been brilliant individual attempts to realign the Sociology of Translation with narratives and modes of enunciation but none has related the Sociology of Translation to the networks and traditions which enabled it but to which it erased its relations and debts This innovative work will appeal to scholars in translation studies cultural studies environmental humanities medical humanities and Science and Technology studies The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
