## Memorandum For Paper23:

*From the Atlantic to the Great Lakes* William H. Becker, 1984      *Polar Castaways* Richard McElrea, David L. Harrowfield, 2004 When Sir Ernest Shackleton's dreams of crossing Antarctica foundered with his expedition ship *Endurance* in the ice of the Weddell Sea in October 1915 he could only wonder what had become of his support party on the other side of the continent This book tells that story The task of the Ross Sea component of the expedition was to lay the all important depots in support of the traverse party to be led by Shackleton The party was dogged from the outset by lack of finance and inadequate preparation and matters were severely compounded when in May 1915 their ship *Aurora* was carried away from its winter moorings This left ten men stranded and without proper equipment and supplies At great personal hardship and cost they laid the depots across the Ross Ice Shelf to Mt Hope Three men were to die during this courageous and perilous endeavour *Aurora* refitted in New Zealand eventually sailed south amidst considerable controversy to rescue the seven survivors *Polar Castaways* provides the first in depth account of the Ross Sea party the drift of *Aurora* and the relief expedition under the command of polar veteran Captain J K Davis BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved      **Demise of the British Empire in the Middle East** Michael Cohen, Dr Martin Kolinsky, Martin Kolinsky, 2013-04-03 Britain emerged from World War II dependent economically and militarily upon the US Egypt was the hub of Britain's imperial interests in the Middle East but her inability to maintain a large garrison there was clear to the indigenous peoples These essays track the decline of the empire      The Cuban Missile Crisis, 1962, 1990

Eberstadt and Forrestal Jeffery M. Dorwart, 1991 On the heels of New Deal administrators an army of business executives arrived in Washington in 1940 to prepare the nation for war Among this contingent were two wealthy investment bankers and longtime friends Ferdinand Eberstadt and James Forrestal Together they played integral roles in the massive war mobilization program and later in the formation of institutions for postwar national security Jeffery M Dorwart's research and analysis provide a fresh look at the friendships connections and mindsets that steered the growing federal government in the first half of the twentieth century The result of these relationships was a system of corporatist management for wartime mobilization and for Cold War national security Eberstadt a key figure on numerous policy committees and Forrestal secretary of the navy during the 1940s and the first secretary of the new Department of Defense shared a common background all the way to their college days at Princeton Over the years their friendship and their ties to a group of like minded executives whom Eberstadt termed the Good Men substantially shaped government policy Dorwart's research on Eberstadt's role is especially enlightening for it reveals how Eberstadt an outside consultant and not a government employee or elected official affected policy direction through his design of the National Security Act of 1947 This is a significant contribution to American military and defense history The author's use of the Good Man idea effectively illustrates how non military ideas and influences have been fundamental in shaping national security policy Jerry Cooper University of Missouri

St Louis formerly of the Command and General Staff College      *The Irish Lord Lieutenancy c 1541-1922* Peter Gray, Olwen Purdue, 2012 Leading historians explore the multiple dimensions of the Irish lord lieutenantcy as an institution political social and cultural      Constructing Quantum Mechanics Anthony Duncan, Michel Janssen, 2019-08-29 Constructing Quantum Mechanics is the first of two volumes on the genesis of quantum mechanics This volume traces the early contributions by Planck Einstein and Bohr all showing the need for drastic changes to the physics of their day It examines the efforts by Sommerfeld and others to develop a new theory now known as the old quantum theory After some striking successes this theory ran into serious difficulties and ended up serving as the scaffold on which the arch of modern quantum mechanics was built This volume breaks new ground both in its treatment of the work of Sommerfeld and his associates and by offering new perspectives on classic papers by Planck Einstein Bohr and others Paying close attention to both primary and secondary sources Constructing Quantum Mechanics provides an in depth analysis of the heroic struggle to come to terms with the wealth of mostly spectroscopic data that eventually gave us modern quantum mechanics      **Parliamentary Papers** Great Britain. Parliament. House of Commons, 1891      **Caught in the Middle East** Peter L. Hahn, 2006-02-01 Postwar American officials desired in principle to promote Arab Israeli peace in order to stabilize the Middle East This book shows how during the Truman and Eisenhower administrations the desire for peace was not always an American priority Instead they consistently gave more weight to their determination to contain the Soviet Union      **The Triumph & Tragedy of Lyndon Johnson** Joseph A. Califano, 2015-02-03 One of Five Best Books about Wartime Presidents Michael Bechloss The Wall Street Journal From Lyndon Johnson s closest domestic adviser during the White House years comes a book in which Johnson leaps out of the pages in all his raw and earthy glory The New York Times Book Review that s been called a joy to read Stephen Ambrose The Washington Post Book World And now a new introductory essay brings the reader up to date on Johnson s impact on America today Califano takes us into the Oval Office as the decisions that irrevocably changed the United States were being crafted to create Johnson s ambitious Great Society He shows us LBJ s commitment to economic and social revolution and his willingness to do whatever it took to achieve his goals Califano uncorks LBJ s legislative genius and reveals the political guile it took to pass the laws in civil rights poverty immigration reform health education environmental protection consumer protection the arts and communications President Lyndon Johnson was bigger than life and no one who worked for him or was subjected to the Johnson treatment ever forgot it As Johnson s Deputy President of Domestic Affairs The New York Times Joseph A Califano s unique relationship with the president greatly enriches our understanding of our thirty sixth president whose historical significance continues to be felt throughout every corner of America to this day A no holds barred account of Johnson s presidency The Triumph Tragedy of Lyndon Johnson is an intimate portrait of a President whose towering ambition for his country and himself reshaped America and ultimately led to his decision to withdraw from the political arena in which he fought so hard      **Planning Armageddon** Nicholas A. Lambert, 2012-01-01 Before World

War I the British Admiralty conceived a plan to win rapid victory over Germany economic warfare on an unprecedented scale The secret strategy called for the state to exploit Britain s monopolies in banking communications and shipping to create an implosion of the world economic system The plan was never fully implemented , Rhymes with Fighter Joseph Weber,2021-12 From a hardscrabble childhood in the Great Depression on the dusty plains of rural Nebraska Clayton Yeutter 1930 2017 rose to work for four U S presidents serving in the cabinets of two of them His challenge posed by one of President Ronald Reagan s aides was this go and change the world As U S trade representative he did just that opening the global trading arena with bold efforts that led to NAFTA the creation of the World Trade Organization and extraordinary growth in cross border business Today s global trading regime began with Yeutter A distinguished lawyer with a doctorate in economics Yeutter also had deep business experience leading the giant futures trading organization the Chicago Mercantile Exchange now called the CME Group But he never forgot his family s farm roots and those roots led him to another top job as President George H W Bush s secretary of agriculture Yeutter s intellectual firepower paired with an engaging personality and a midwesterner s beaming smile made friends and found common ground with leaders and trade officials worldwide Although a loyal GOP leader who served as counselor to a president and head of the Republican National Committee Yeutter was a moderate who had admirers on both sides of the aisle This is his life story *History of the Office of the Secretary of Defense* Steven L. Rearden,1984 *History of the Office of the Secretary of Defense* Alfred Goldberg,1984 Harry H. Woodring Keith D. McFarland,1975 **Senator from Texas** United States. Congress. Senate. Committee on Privileges and Elections. Subcommittee on Senate Resolution 97,1924 **Paper and Iron** Niall Ferguson,2002-11-07 Few economic events have had a more profound or enduring impact than the German hyperinflation of 1923 still remembered popularly as a root cause of Hitler s rise to power Yet many historians have argued that inflationary policies were on balance advantageous to post 1918 Germany both boosting growth and helping to reduce reparations The scholarly consensus is that there was no viable alternative to inflation In *Paper and Iron* Niall Ferguson takes a different view He argues that inflation was indeed an economic and political disaster and further that there were alternative economic policies which could have stabilised the German currency in 1920 To explain why these were not adopted he points to long term defects in the political institutions of the Reich which went back as far as the 1890s and which persisted beyond 1918 The book therefore reveals the Wilhelmine origins of Weimar s failure as well as casting light on the origins of the Third Reich Winston S.
