

Abstract: This study provides an analysis of the impact of the 1997–1998 Asian financial crisis on the export performance of the manufacturing sector in the Philippines. The results show that the crisis had a significant negative impact on the export performance of the manufacturing sector. The impact was more pronounced for the export of capital goods and intermediate goods. The results also show that the impact of the crisis was more pronounced for the export of capital goods and intermediate goods. The results also show that the impact of the crisis was more pronounced for the export of capital goods and intermediate goods.
