

Face-to-Face Encounter Form Guidelines

All sections of the Face-to-Face Encounter Form must be complete. Physician support staff, such as nurse or social worker, can fill in the form based on the documentation in the patient's clinical record:

Face-to-Face Encounter Date:

- Write in the date the face-to-face encounter occurred (90 days prior to or 30 days after start of home health services)
 - If a date is on the form and is incorrect, draw a line through it, and write in the correct date of the encounter and initial.

Face-to-Face Encounter Performed By:

- Write in the name of the physician or non-physician practitioner (Nurse Practitioner, Clinical Nurse Specialist, or Physician Assistant) who actually performed the face-to-face encounter

The face-to-face encounter was related to the medical condition. Examples:

- State the medical condition that is the primary reason for home health care: CHF, CAD, COPD, CVA, MI, CABG, Diabetes, Arthroplasty, Cancer, Dysphagia, Neurological Disorder, Anticoagulation Dosing, Fractures, Spinal Fusion, Knee/ Hip Replacement, Laminectomy, Ostomy, Surgery, Wound Care, IV Therapy, Enteral Tube Feeds

I certify...the following are medically necessary home health services:

Check all that apply. (The disciplines listed are those disciplines that qualify as a skilled service for home health care. Other disciplines may be ordered with referral, but are not included on this form).

To provide ... care/treatments:

- Physicians signing the plan of care do not have to complete this section.

Physicians who certify patients as eligible for home health services are required to include an explanation of how the clinical findings of the face-to-face encounter support that the patient is homebound: (examples below)

- Absences from the home require considerable & taxing effort
- Absences from the home are infrequent or of short duration, for medical reasons or religious services
- Medical restrictions; infection, compromised immune status
- Does not apply for Medicare patients

Physicians who certify patients as eligible for home health services are required to include an explanation of how the clinical findings of the face-to-face encounter support the patient's need for intermittent skilled nursing and/or therapy services:

- Write details of the encounter that support the need for the services ordered, for example:
 - Condition requires nursing skilled assessment and interventions, skilled teaching and assessment; Direct skilled care: wounds, ostomies, catheter changes and maintenance, medication administration-injections/IVs, tube feedings, drain management and teaching
 - Condition requires skilled therapy for assessment, gait training, therapeutic exercises, post-operative joint care and teaching

Physician signature required (only the physician can sign and date, no stamps)

Date of Signature (hand written date, no stamps)

Comprehensive Casebook of Cognitive Therapy Frank M. Dattilio, 2013-06-29 This is the golden age of cognitive therapy Its popularity among society and the professional community is growing by leaps and bounds What is it and what are its limits What is the fundamental nature of cognitive therapy It is to my way of thinking simple but profound To understand it it is useful to think back to the history of behavior therapy to the basic development made by Joseph Wolpe In the 1950s Wolpe astounded the therapeutic world and infuriated his colleagues by finding a simple cure for phobias The psychoanalytic establishment held that phobias irrational and intense fear of certain objects such as cats were just surface manifestations of deeper underlying disorders The psychoanalysts said their source was the buried fear in male children of castration by the father in retaliation for the son's lust for his mother For females this fear is directed toward the opposite sex parent The biomedical theorists on the other hand claimed that some as yet undiscovered disorder in brain chemistry must be the underlying problem Both groups insisted that to treat only the patient's fear of cats would do no more good than it would to put rouge over measles Wolpe however reasoned that irrational fear of something isn't just a symptom of a phobia it is the whole phobia

Leadership by Example Institute of Medicine, Committee on Enhancing Federal Healthcare Quality Programs, 2003-05-21 The federal government operates six major health care programs that serve nearly 100 million Americans Collectively these programs significantly influence how health care is provided by the private sector Leadership by Example explores how the federal government can leverage its unique position as regulator purchaser provider and research sponsor to improve care not only in these six programs but also throughout the nation's health care system The book describes the federal programs and the populations they serve Medicare elderly Medicaid low income SCHIP children VHA veterans TRICARE individuals in the military and their dependents and IHS native Americans It then examines the steps each program takes to assure and improve safety and quality of care The Institute of Medicine proposes a national quality enhancement strategy focused on performance measurement of clinical quality and patient perceptions of care The discussion on which this book focuses includes recommendations for developing and pilot testing performance measures creating an information infrastructure for comparing performance and disseminating results and more Leadership by Example also includes a proposed research agenda to support quality enhancement The third in the series of books from the Quality of Health Care in America project this well targeted volume will be important to all readers of To Err Is Human and Crossing the Quality Chasm as well as new readers interested in the federal government's role in health care

Ministers and Masters Charity R. Carney, 2011-11-21 In *Ministers and Masters* Charity R Carney presents a thorough account of the way in which Methodist preachers constructed their own concept of masculinity within and at times in defiance of the constraints of southern honor culture of the early nineteenth century By focusing on this unique subgroup of southern men the book explores often debated concepts like southern honor and patriarchy in a new way Carney analyzes Methodist preachers both involved with and separate from mainstream southern society and notes whether they served as itinerants venturing into rural towns or remained in city churches to witness to an urban population Either way they looked spoke and acted like outsiders refusing to drink swear dance duel or even dress like other white southern men Creating a separate space in which to minister to southern men women and children oftentimes converting a dancehall floor into a pulpit they raised the ire of non Methodists around them Carney shows how understanding these distinct and often defiant stances provides an invaluable window into antebellum society and also the variety of masculinity standards within that culture In *Ministers and Masters* Carney uses ministers stories to elucidate notions of secular sinfulness and heroic Methodist leadership explores contradictory ideas of spiritual equality and racial hierarchy and builds a complex narrative that shows

how numerous ministers both rejected and adopted concepts of southern mastery Torn between convention and conviction Methodist preachers created one of the many Souths that existed in the nineteenth century and added another dimension to the well documented culture of antebellum society

The Research Act Norman K. Denzin, 2017-07-12 At once a unique textbook for methods courses and a major contribution to sociological theory this book teaches students the principles of research and how to construct and test theories It brings coherence to the study of methods by presenting four major approaches to experimentation survey research participant observation life histories and unobtrusive measures from a single theoretical point of view symbolic interaction It demonstrates the need for a synthesis between theory and methods and shows how different methods limit and affect research results Denzin's argues that no single method theory or observer can capture all that is relevant or important in reality He argues for the use of triangulation and for a view of theory and methods as concept sensitizers His approach enables sociologists to acquire specific facts about a particular situation while simultaneously elevating these to the level of shared meaning The author shows students how to proceed with research bringing sharply into focus the possibilities and their limitations Since his view is integrated rather than eclectic this is much more than a how to do it manual Denzin points out aspects of research that fall outside the scope of a given method yet affect results and emphasizes the need to employ several methods to cross check each other The Research Act covers all the content of conventional methods courses The presentation is exciting and imaginative and provides a thorough review of major sociological methods a cogent statement about approaches to sociological inquiry and a source from which a understanding of the problems of research can be derived
