In your introduction, we talked about what factors companies will pay their shareholders to invest in (today, we will only mention #1-2).
Presented with these things (page 10-11 in JE 2019), and earlier mentioned how the following assumptions are justified and how they affect the cost of an investment.
Assume companies just are looking at the investment in the future, but the
costs are not just the cost of the investment.

1. What investment strategy will be used? (The company will invest in the future, but the costs are not just the cost of the investment.)
