Educational Policy Borrowing in China Charlene Tan, 2016-02-22 For over a decade Mainland China has been embarking on an ambitious nation wide education reform New Curriculum Reform for its basic education The reform reflects China's propensity to borrow selected educational policies from elsewhere particularly North America and Europe Chinese scholars have used a local proverb the West wind has overpowered the East wind to describe this

phenomenon of looking West But what do we mean by educational policy borrowing from the West What are the educational policies in China s new curriculum reform that are perceived to be borrowed from the West To what extent have the borrowed educational policies in China s new curriculum reform been accepted modified and rejected by the various educational stakeholders How does culture influence the various educational stakeholders in China in interpreting and mediating educational policy borrowing from the West How do the findings of this study on China s education reform inform and add to the existing theories on and approaches to on cross cultural educational policy borrowing This book answers the above questions by critically discussing China s policy borrowing from the West through its current reform for primary and secondary education It presents the latest in depth research findings from a three year empirical study 2013 2015 with school principals teachers students and other educational stakeholders across China This study offers new insights into China s educational policy borrowing from the West and international implications on cross cultural educational transfer for academics policymakers and educators

Social Studies Education in South and South East Asian Contexts Kerry J Kennedy, 2021-07-22 The education of young people is context bound This edited volume explores the contexts that characterise South and South East Asia and their influence on social studies education There is not a single context across this broad geographical expanse rather different religions different political systems and different values exert influences that create distinctive programmes that characterise different countries Yet there are also commonalities such as the post colonial nature of most of the countries portrayed in this book determined efforts at establishing new national communities and multiple value systems that lead to distinctive local priorities There are also voices of resistance in these chapters recognising the realities of local contexts but also recognising the need for change Social studies education in these contexts may well be descended from its origins in North America but in South and South Asian contexts it has taken on new purposes new forms and new values Education researchers policymakers and postgraduate students in comparative education will find the volume useful in its exploration and comparison of the social studies curricular and reforms that shaped them

Language Development and Social Integration of Students with English

as an Additional Language Michael Evans, Claudia Schneider, Madeleine Arnot, Linda Fisher, Karen Forbes, Yongcan Liu, Oakleigh Welply, 2020-07-16 Given the current context of the experience of migration on schools in England and Europe and the competing policies and approaches to social integration in schools there is a need to understand the connection between language development and social integration as a basis for promoting appropriate policies and practices This volume explores the complex relationship between language education and the social integration of newcomer migrant children in England through an in depth analysis of case studies from schools in the East of England The authors set this evidence against the background of policy debates in the wider international setting including a critical discussion of assumptions underlying national narratives of mainstreaming and assimilation In the light of an absence of national guidelines for appropriate practice in schools the authors outline a model of inclusive pedagogy for English as an additional language EAL and a framework of home school communication to promote effective EAL parental engagement in schools

A University Education David Willetts, 2017-11-17 Universities have a crucial role in the modern world In England entrance to universities is by nation wide competition which means English universities have an exceptional influence on schools a striking theme of the book This important book first investigates the university as an institution and then tracks the individual on their journey to and through university In *A University Education* David Willetts presents a compelling case for the ongoing importance of the university both as one of the great institutions of modern society and as a transformational experience for the individual The book also makes illuminating comparisons with higher education in other countries especially the US and Germany Drawing on his experience as UK Minister for Universities and Science from 2010 to 2014 the author offers a powerful account of the value of higher education and the case for more expansion He covers controversial issues in which he was involved from access for disadvantaged students to the introduction of 9 000 fees The final section addresses some of the big questions for the future such as the the relationship between universities and business especially in promoting innovation He argues that the two great contemporary trends of globalisation and technological innovation will both change the university significantly This is an authoritative account of English universities setting them for the first time in their new legal and regulatory framework

Education in China and the World Niancai Liu, Zhuolin Feng, Qi Wang, 2024-01-01 This open access book provides a comprehensive overview of education in China covering 12 critical topics including basic education higher education professional education STEM Science Technology Engineering and Mathematics education mental health education and international education and excellence initiatives Drawing from current research theoretical literature and real life stories this book examines the developmental trajectories achievements and best practices in the above mentioned topics to reflect realities of education transformation in China It also incorporates a global comparison of key indicators to explore strengths of and gaps in Chinese education with its global counterparts Setting its context in an ever changing world this book intends to explore conceptual support to develop a

modern education system with Chinese features and world standards to provide implications for further developing quality education in all sectors and to promote understanding and inspire critical discussion on education development in China and around the world. This book serves as a valuable resource for students, scholars and policy makers in the field of education studies as well as for the general public who are interested in Chinese education.

Teaching English as an Additional Language in Secondary Schools Seán Bracken, Catharine Driver, Karima Kadi-Hanifi, 2016-11-10

With increasing numbers of learners in secondary schools having English as an additional language, it is crucial for all teachers to understand the learning requirements of these students and plan distinctive teaching approaches to engage and support them. This book provides school leaders, trainee teachers and qualified teachers with the skills and practical knowledge they need to strengthen the learning outcomes of students for whom English is an additional language. *Teaching English as an Additional Language in Secondary Schools* sets out realistic ways in which EAL learners can be engaged and stretched in their learning, building on their prior literacy, cultural experiences and language learning. It clearly explains the theory and key research into how additional languages are acquired and offers practical classroom teaching and learning strategies to show teachers how they can help EAL learners to access the curriculum and reflect on their learning through assessments. Features include tasks to help put the ideas into practice, case studies illustrating the key challenges faced by EAL learners, summaries of key research findings, reflections to encourage deeper thinking. Drawing on the daily experiences of teachers and teaching assistants, this book will be essential reading for all trainee and practising teachers that want to ensure students with EAL fulfil their true learning potential.
