**The Econocracy** Joe Earle, Cahal Moran, Zach Ward-Perkins, 2017-07-06 A century ago the idea of the economy didn't exist Now economics is the supreme ideology of our time with its own rules and language The trouble is most of us can't speak it This is damaging democracy Dangerous agendas are hidden inside mathematical wrappers controversial policies are presented as proven by the models of economic science Government is being turned over to a publicly unaccountable technocratic elite The Econocracy reveals that economics is too important to be left to the economists and shows us how we can begin to participate more fully in the decisions which affect all our futures

Geographers Elizabeth Baigent, André Reyes Novaes, 2018-11-15 Geographers Biobibliographical Studies Volume 37 explores the concept of distinction in geography Through the lives of six geographers working in Brazil North America Europe and R union it investigates what distinction consists of how we identify and celebrate it and how it relates to quotidian practices in the discipline The volume highlights the continuing importance of biography and the International Geographical Union in recording and assessing distinction It also considers the relevance of personal networks for the circulation and translation of distinguished geographical knowledge and how this knowledge can underpin applied projects and critical appraisal of geographical scholarship both at a national and sub national level Gendered notions of distinction are also addressed particularly through June Sheppard who found limited recognition for her work as a result of gendered expectations within the discipline and society at large By reflecting on how we locate distinguished geographers and tell their histories Geographers Biobibliographical Studies Volume 37 makes an important contribution to fostering less canonical work in historical geography

Altmetrics for Information Professionals Kim Johan Holmberg, 2015-09-03 The goal of any research assessment is to evaluate the value or quality of the research in comparison to other research As quality is highly subjective and difficult to measure citations are used as a proxy Citations are an important part of scholarly communication and a significant component of research evaluation with the assumption being that highly cited work has influenced the work of many other researchers and hence it is more valuable Recently we have seen new online data sources being researched for this purpose and disruptive ideas with the power to change research assessment and perhaps even science as a whole have been born Altmetrics is the new research area that investigates the potential of these new data source as indicators of the impact that research has made on the scientific community and beyond and thus possibly also as indicators of the societal

impact of research This book will present some of these new data sources findings from earlier altmetrics research and the disruptive ideas that may radically change scholarly communication Presents some of the key ideas and innovations in earlier research that have been driving the evolution from bibliometrics to webometrics and with the advent of social media to altmetrics Discusses the shortcomings and pitfalls of bibliometrics in research evaluation and the potential of altmetrics to overcome some of these shortcomings Presents some of the most important data sources of altmetrics the aggregators and the different stakeholders Reviews current research about altmetrics and discusses possible future trends Presents a way to measure and aggregate altmetrics according to the level of impact or type of impact they represent A University

Education David Willetts, 2017-11-24 Universities have a crucial role in the modern world In England entrance to universities is by nation wide competition which means English universities have an exceptional influence on schools a striking theme of the book This important book first investigates the university as an institution and then tracks the individual on their journey to and through university In A University Education David Willetts presents a compelling case for the ongoing importance of the university both as one of the great institutions of modern society and as a transformational experience for the individual The book also makes illuminating comparisons with higher education in other countries especially the US and Germany Drawing on his experience as UK Minister for Universities and Science from 2010 to 2014 the author offers a powerful account of the value of higher education and the case for more expansion He covers controversial issues in which he was involved from access for disadvantaged students to the introduction of 9 000 fees The final section addresses some of the big questions for the future such as the the relationship between universities and business especially in promoting innovation He argues that the two great contemporary trends of globalisation and technological innovation will both change the university significantly This is an authoritative account of English universities setting them for the first time in their new legal and regulatory framework **Re-Imagining Capitalism** Dominic Barton, Dezső Horváth, Matthias Kipping, 2016-08-25

Capitalism has been an unprecedented engine of wealth creation for many centuries leading to sustained productivity gains and long term growth and lifting an increasing proportion of humanity out of poverty But its effects and hence its future have come increasingly under question Is capitalism still improving wealth and well being for the many Or is long term value creation being sacrificed to the pressures of short termism with potentially far reaching consequences for society the natural environment prosperity and global order Building on a collaboration between the Schulich School of Business and global management consultancy McKinsey Company this volume reflects both the urgency of the needed action and the tremendous opportunity to forge consensus and catalyze a lasting movement toward a more responsible long term and sustainable model of capitalism This unique volume brings together many of the leading proponents for a reformed re imagined capitalism from the fields of academia business and NGOs Its contributors have been at the forefront of thought and action in regard to the future of capitalism Both individually and collectively they provide powerful suggestions of what such a long term oriented

model of capitalism should look like and how it can be achieved Drawing on their research and professional experience they write in an accessible style aiming to reach the broad audiences required to turn a re imagined capitalism into a reality

*The Flexible Workplace* Marko Orel,Ondřej Dvoulitý,Vanessa Ratten,2021-01-19 With current socio economic development trends and changing work landscapes modern workplaces are progressively becoming a subject of flexibilisation and hybridisation Contemporary office environments are commonly adapting to the needs of the flexible labour markets by offering the non territorial and rotation based practice of allocating desks to workers on dynamic schedules This book explores this growing trend by offering different perspectives on the benefits and challenges of the flexible workplace phenomena Topics discussed range from defining and comparing flexible coworking and corpworking spaces policies made in local environments and the flexible working taxonomy     *After Piketty* Heather Boushey,J. Bradford DeLong,Marshall Steinbaum,2017-05-08 Are Thomas Piketty s analyses of inequality on target Where should researchers go from here in exploring the ideas he pushed to the forefront of global conversation In *After Piketty* a cast of economists and other social scientists tackle these questions in dialogue with Piketty in what is sure to be a much debated book in its own right

Singapore's Multiculturalism Chan Heng Chee,Sharon Siddique,2019-03-15 Since independence in 1965 Singapore has developed its own unique approach to managing the diversity of Race Religion Culture Language Nationality and Age among its citizens This approach is a consequence of many factors including its very distinct ethnic makeup compared with its neighbours its ambitions as a globally oriented city state and its small physical size Each of these factors and many others have presented Singapore society with a range of challenges and opportunities and will in all likelihood continue to do so for the foreseeable future In the writing of this book the author team set themselves the task of projecting the impact of current domestic and international social trends into the future to anticipate what Singapore society might look like by around 2040 In doing so they analyse the particular path that Singapore has taken since independence in comparison with other multicultural societies and with regard to the balance between the necessity of forging a new national identity after British rule and departure from Malaysia and the need to ensure that Singapore s ethnic minority populations remain socially enfranchised They further consider how current trends may develop over the next couple of decades what new challenges this may present to Singapore society and what might be the likely responses to such challenges In this book Singapore is a case study of a global city facing the challenges of developed world modernity in frequently acute ways     Marketing at the Confluence between Entertainment and Analytics Patricia Rossi,2017-04-29 This volume presents the full proceedings of the 2016 Academy of Marketing Science AMS World Marketing Congress held in Paris France It contains current research in marketing from academics scholars and practitioners from around the world Focusing on advancing marketing theory and practice this volume will help marketers to move forward in providing value for companies consumers and society Founded in 1971 the Academy of Marketing Science is an international organization dedicated to promoting timely explorations of

Oleson, 2023-07-03 This powerful practical resource helps faculty create an inclusive dynamic in their classrooms so that all students are set up to succeed Grounded in research and theory including educational psychology scholarship of teaching and learning intergroup dialogue and social justice theory this book provides practical solutions to help faculty create an inclusive learning environment in which all students can thrive Each chapter focuses on palpable ideas and adaptive strategies to use right away when teaching The first chapter considers professors intersecting personal and social identities and their expectations for themselves and their students Chapter 2 considers students' backgrounds including class race disability and gender and focuses on what students bring to the classroom exploring their basic psychological needs of autonomy competence and belonging their approaches to learning and their self-doubts and uncertainties Chapter 3 draws on universally designed learning in combination with educational design rooted in social justice and multiculturalism to describe ways to design spaces in which students flourish academically Two chapters focus on classroom dynamics Chapter 4 primarily focuses on preparation for having difficult conversations in the classroom considering how instructors can create a shared understanding between themselves and their students Chapter 5 focuses on in-the-moment strategies to both create and manage discomfort about sensitive and controversial topics while supporting students of various social identities such as gender race disability In the closing chapter the author integrates all the elements in the preceding chapters and also presents more general college-wide programs to help faculty develop and improve their teaching **Investment Promotion Agencies and Foreign Direct Investment** Martin G.

Kaspar, 2025-09-23 This book discusses the often underestimated role of investment promotion agencies (IPAs) in attracting foreign direct investment (FDI). Analysing the subject not only along theoretical lines and from the perspective of IPAs and governments but also through the eyes of practitioners and corporate investors it charts a more holistic picture of the FDI decision-making process and its subsequent implementation. An in-depth analysis of national and regional IPA structures and investment promotion practices provides the reader with a broad understanding of the state of the art investment promotion. By adding the corporate managers' perspective the reader gets a first-hand impression of how widely known IPAs are in the corporate world which IPA services are sought after and which are considered less useful. For corporate managers FDI projects are complex and often risky and to understand their expectations towards IPAs should further the current policy.

debate Given the significant sums of money spent each year on FDI incentives and given that the fortunes of nation states can be turned around on FDI as Ireland and Singapore have conclusively demonstrated a more grounded analysis of investment policies and promotion strategies is increasingly taking centre stage in policy debate The book fills a gap by providing operationally useful answers to corporate managers and thereby also furthering our understanding of FDI decision making which in turn allows governments to align their policy offerings This book is therefore a useful resource for students and researchers of international economics and business and political economy as well as policymakers Investment Promotion officials and corporate managers engaged in FDI projects     *The Soul of a University* Chris Brink,2018-07-01 What is the role of a university in society In this innovative book Chris Brink offers the timely reminder that it should have social purpose as well as achieve academic excellence The current obsession with rankings and league tables has perpetuated inequality and is preventing social mobility This book shows how universities can and should respond to societal challenges and promote positive social change     *Flooding and Management of Large Fluvial Lowlands* Paul F. Hudson,2021-11-25 Examines interrelations between flood management flooding and environmental change for advanced students researchers and practitioners     **In The Post-Urban World** Tigran Haas,Hans Westlund,2017-10-16 Winner of the Regional Studies Association s Best Book Award 2018 In the last few decades many global cities and towns have experienced unprecedented economic social and spatial structural change Today we find ourselves at the juncture between entering a post urban and a post political world both presenting new challenges to our metropolitan regions municipalities and cities Many megacities declining regions and towns are experiencing an increase in the number of complex problems regarding internal relationships governance and external connections In particular a growing disparity exists between citizens that are socially excluded within declining physical and economic realms and those situated in thriving geographic areas This book conveys how forces of structural change shape the urban landscape In The Post Urban World is divided into three main sections Spatial Transformations and the New Geography of Cities and Regions Urbanization Knowledge Economies and Social Structuration and New Cultures in a Post Political and Post Resilient World One important subject covered in this book in addition to the spatial and economic forces that shape our regions cities and neighbourhoods is the social cultural ecological and psychological aspects which are also critically involved Additionally the urban transformation occurring throughout cities is thoroughly discussed Written by today s leading experts in urban studies this book discusses subjects from different theoretical standpoints as well as various methodological approaches and perspectives this is alongside the challenges and new solutions for cities and regions in an interconnected world of global economies This book is aimed at both academic researchers interested in regional development economic geography and urban studies as well as practitioners and policy makers in urban development     *America's Moment: Creating Opportunity in the Connected Age* Rework America,2015-06-15 It is time for a new conversation Amid the biggest economic transformation in a century the

challenge of our time is to make sure that all Americans benefit from the wave of digital revolutions around the world that have permeated and upended modern life Yet today's economic arguments seem stuck We need a new vision of a hopeful future and a new action agenda So many Americans are uncertain about the future How can there be so many paths to opportunity with so few people traveling them As a nation we have to understand what is required to help Americans succeed now and how to prepare our country for what comes next We have been here before A hundred years ago America experienced the greatest economic transformation and technological revolution in its history The transformation of the past twenty years as the world has moved through the information era into the digital age has turned our life and work upside down once again It is a time of tremendous change but also of tremendous possibility Rework America is a group of American leaders who know from experience the challenges we face and the potential solutions In America's Moment they suggest a practical agenda for an exciting future It is illustrated by people who are already showing the way and includes actions Americans can take today in their own communities preparing people to succeed using the reach of the Internet and data to innovate jobs and to reach new markets all over the world using technology to match employers and workers and transitioning to a no collar working world neither blue collar nor white collar Set against the history of how Americans succeeded once before in remaking their country America's Moment is about the future It describes how the same forces of change technology and a networked world can become tools that can open opportunity to everyone
