The Drone Memos Jameel Jaffer, 2010-01-12 A trenchant summation and analysis of the legal rationales behind the US drone policy of targeted killing of suspected terrorists including US citizens Publishers Weekly starred review In the long response to 9 11 the US government initiated a deeply controversial policy of targeted killing the extrajudicial execution of suspected terrorists and militants typically via drones A remarkable effort was made to legitimize this practice one that most human rights experts agree is illegal and that the United States has historically condemned In The Drone Memos civil rights lawyer Jameel Jaffer presents and assesses the legal memos and policy documents that enabled the Obama administration to put this program into action In a lucid and provocative introduction Jaffer who led the ACLU legal team that secured the release of many of the documents evaluates the drone memos in light of domestic and international law He connects the documents legal abstractions to the real world violence they allow and makes the case that we are trading core principles of democracy and human rights for the illusion of security A careful study of a secretive counterterrorism infrastructure capable of sustaining endless orderless war this book is profoundly necessary Katrina vanden Heuvel editor and publisher of The Nation

The Betrayal Kim Christian Priemel, 2018-05-17 At the end of World War II the Allies faced a threefold challenge how to punish perpetrators of appalling crimes for which the categories of genocide and crimes against humanity had to be coined how to explain that these had been committed by Germany of all nations and how to reform Germans The Allied answer to this conundrum was the application of historical reasoning to legal procedure In the thirteen Nuremberg trials held between 1945 and 1949 and in corresponding cases elsewhere a concerted effort was made to punish key perpetrators while at the same time providing a complex analysis of the Nazi state and German history Building on a long debate about Germany's divergence from a presumed Western path of development Allied prosecutors sketched a historical trajectory which had led Germany to betray the Western model Historical reasoning both accounted for the moral breakdown of a civilised nation and rendered plausible arguments that this had indeed been a collective failure rather than one of a small criminal clique The prosecutors therefore carefully laid out how institutions such as private enterprise academic science the military or bureaucracy which looked ostensibly similar to their opposite numbers in the Allied nations had been corrupted in Germany even before Hitler's rise to power While the argument depending on individual protagonists subject matters and contexts met with uneven success in court it offered a final twist which was of obvious appeal in the Cold War to come if Germany had lost its way it could still be brought back into the Western fold The first comprehensive study of the Nuremberg trials The Betrayal thus also explores how history underpins transitional trials as we encounter them in today's courtrooms from Arusha to The Hague

Ford,2016-09-09 Remarkable is how extensively in each parable Jesus provides a subtle but rich array of unexpected possibilities hidden within the hierarchies of power so commonplace in his world By doing so he profoundly addresses the perils inherent in the prerogatives of many of us living in today s world In these ancient interpersonal tragedies readers can discover modern global analogues where the powerful still control the powerless and where others of us immersed as we are in privilege are still willing to side with control *Memorializing Pearl Harbor* Geoffrey M. White,2016-03-31 Memorializing Pearl Harbor examines the challenge of representing history at the site of the attack that brought America into World War II Analyzing moments in which history is re presented in commemorative events documentary films museum design and educational programming Geoffrey M White shows that the memorial to the Pearl Harbor bombing is not a fixed or singular institution Rather it has become a site in which many histories are performed validated and challenged In addition to valorizing military service and sacrifice the memorial has become a place where Japanese veterans have come to seek recognition and reconciliation where Japanese Americans have sought to correct narratives of racial mistrust and where Native Hawaiians have challenged their ongoing erasure from their own land Drawing on extended ethnographic fieldwork White maps these struggles onto larger controversies about public history museum practices and national memory

Australians at Geneva James Cotton, 2022-11-01 After the dubious justice of the Treaty of Versailles and the turmoil of the interwar years the League of Nations is mainly remembered as a body that failed to create mechanisms that might have forestalled the horrors of Nazism fascism and the Second World War It has understandably been overshadowed by the United Nations that larger more globally representative body which grew from the League and which was founded on more unequivocally noble principles in the aftermath of a clear cut victory of good over evil But as the limitations of the United Nations become ever more apparent

we can look with more sympathy at the League and consider what we might learn from the endeavours of those driving this first attempt at global governmental coordination As James Cotton relates in this illuminating account a surprising number of Australians lent their talents and enthusiasm to this internationalist project and Australian interests were prominently represented Former Prime Minister Stanley Bruce was there along with numerous other Australian men and women who made important contributions to international deliberations on questions of global organisation and interaction This deeply researched and carefully realised story will recast understandings of both the League itself and the place within it of prominent interwar Australian internationalists Host Bibliographic Record for Boundwith Item Barcode 30112033097202 and Others ,2013
