

ECONOMICS - GRADE 12

1.1 Key concepts

These definitions will help you understand the meaning of key Economics concepts that are used in this study guide. Understand these concepts well.

Term	Definition
Base year	A year with very small price changes or price fluctuations. The current base year used by the Reserve Bank is 2005
Basic prices (bp)	Used when GDP is calculated according to the production method and represents the production costs of firms
Capital market	Market for long-term financial instruments, for example, bonds, shares
Circular flow model	Continuous flow of spending, production and income between different sectors
Closed economy	An economy that has no foreign sector as a participant
Consumption (C)	Consumption spending by the population
Domestic figures (GDP)	Value of all final goods and services produced within the borders of a country for a specific period
Economic equilibrium	The economy is in equilibrium if leakages are equal to injections: $L = I$ or $S + T + M = I + G + X$
Expenditure method	When the national accountants add together the spending of the four major sectors of the economy: $C + G + I + (X - M)$
Exports (X)	Goods and services produced locally and then sold for consumption outside the borders of the country
Factor market	Market where factors of production are traded, e.g. labour market
Factor cost/Factor prices	These terms can be used interchangeably and refer to the cost of or price paid for the factors of production (land, labour, capital and entrepreneurship) used by firms. [Note that the term factor income may also be used]
Financial market	The market where both short- and long-term financial assets are traded
Financial sector	Those financial institutions that are not directly involved in the production of goods and services, e.g. banks, insurance companies, pension funds and the JSE
Foreign exchange market	The market in which one currency can be traded for another, e.g. rands for dollars
Goods market	Market where goods and services are traded, e.g. cars, milk (also known as Product market)
Government (G)	The expenditure of the government sector
Imports (M)	Goods and services produced in other countries and purchased by local firms or households. Imports can also be represented by "Z"

After the Crisis Irene van Staveren,2014-12-05 Economics After the Crisis is an introductory economics textbook covering key topics in micro and macro economics However this book differs from other introductory economics textbooks in the perspective it takes and it incorporates issues that are presently underserved by existing textbooks on the market This book offers an introduction to economics that takes into account criticisms of the orthodox approach and which acknowledges the role that this largely Western approach has played in the current global financial and economic crisis A key feature of the book is its global approach it offers examples from countries all over the world including from developing and emerging

economies The chapters discuss all major economic topics including individuals and households the behaviour of consumers the behaviour of firms markets the role of the state public goods and commons labour markets capital markets the macroeconomic flow economic growth international trade nature and environmental externalities poverty and wellbeing Throughout the book presents theoretical perspectives in which social structures relatedness uncertainty and social norms provide key economic explanations contrasting these with the idealized worldview of neoclassical economics Economics After the Crisis is designed for a one semester introductory course in economics primarily at undergraduate but also at postgraduate level and is suitable for students from a range of disciplines It will be of particular relevance to those students with an interest in developing economies <https://www.coursera.org/learn/economicsfromapluralistperspective>

The Occupiers Michael A. Gould-Wartofsky, 2015-01-02 Occupy Wall Street burst onto the stage of history in the fall of 2011 First by the tens then by the tens of thousands protestors filled the streets and laid claim to the squares of nearly 1 500 towns and cities until one by one the occupations were forcibly evicted In *The Occupiers* Michael Gould Wartofsky offers a front seat view of the action in the streets of New York City and beyond Painting a vivid picture of everyday life in the square through the use of material gathered in the course of two years of on the ground investigation Gould Wartofsky traces the occupation of Zuccotti Park and some of its counterparts across the United States and around the world from inception to eviction He takes up the challenges the occupiers faced the paradoxes of direct democracy and the dynamics of direct action and police action and explores the ways in which occupied squares became focal points for an emerging opposition to the politics of austerity restricted democracy and the power of corporate America Much of the discussion of the Occupy phenomenon has treated it as if it lived and died in Zuccotti Park but Gould Wartofsky follows the evicted occupiers into exile and charts their evolving strategies tactics and tensions as they seek to resist regroup and reoccupy Displaced from public spaces and news headlines the 99 Percent movement has spread out from the financial centers and across an America still struggling to recover in the aftermath of the crisis Even if the movement fails to achieve radical reform Gould Wartofsky maintains its offshoots may well accelerate the pace of change in the United States in the years to come

What Is Government Good At? Donald J. Savoie, 2015-09-01 A thorough examination of where government succeeds and where it fails

The Murder of the Middle Class Wayne Allyn Root, 2014-07-14 The great American middle class is dying and not from natural causes *The Murder of the Middle Class* exposes the crime and indicts the conspirators from the Obama administration to their willing accomplices in big business big media and big unions naming names and pointing out their misdeeds Bestselling author Wayne Allyn Root doesn't just prove the crime and profile the suspects he provides bold solutions to save American capitalism the middle class the GOP and YOU This middle class warrior gives you the game plan and the weapons to fight back

The Pakistan Paradox Christophe Jaffrelot, 2016-06-16 The idea of Pakistan stands riddled with tensions Initiated by a small group of select Urdu speaking Muslims who envisioned a unified Islamic state today Pakistan suffers the divisive

forces of various separatist movements and religious fundamentalism. A small entrenched elite continues to dominate the country's corridors of power and democratic forces and legal institutions remain weak. But despite these seemingly insurmountable problems, the Islamic Republic of Pakistan continues to endure. The Pakistan Paradox is the definitive history of democracy in Pakistan and its survival despite ethnic strife, Islamism, and deep-seated elitism. This edition focuses on three kinds of tensions that are as old as Pakistan itself: The tension between the unitary definition of the nation inherited from Jinnah and centrifugal ethnic forces; between civilians and army officers who are not always in favour of or against democracy; and between the Islamists and those who define Islam only as a cultural identity marker.

Unveiling the Energy of Verbal Beauty: An Emotional Sojourn through **Grade 12 Economics June 2013**

In a world inundated with displays and the cacophony of fast conversation, the profound power and mental resonance of verbal artistry usually disappear into obscurity, eclipsed by the regular onslaught of noise and distractions. However, situated within the lyrical pages of **Grade 12 Economics June 2013**, a charming perform of fictional splendor that pulses with organic thoughts, lies an unique journey waiting to be embarked upon. Written by way of a virtuoso wordsmith, this enchanting opus courses visitors on a psychological odyssey, gently revealing the latent possible and profound impact stuck within the intricate web of language. Within the heart-wrenching expanse of the evocative evaluation, we will embark upon an introspective exploration of the book is main themes, dissect its charming publishing model, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.
