The College Instructor's Guide to Writing Test Items Michael Rodriguez, Anthony Albano, 2017-05-25 The College Instructor's Guide to Writing Test Items Measuring Student Learning addresses the need for direct and clear guidance on item writing for assessing broad ranges of content in many fields. By focusing on multiple choice response items, this book provides college instructors the tools to understand, develop, and use assessment activities in classrooms in a way that consistently supports learning. Including dozens of example items and additional resources to support the item development process, this volume is unique in its practical focus and is essential reading for instructors and soon-to-be educators, professional development specialists, and higher education researchers. As teaching, assessment, and learning are inherently intertwined, The College Instructor's Guide to Writing Test Items both facilitates the development of instructors' own practice and improves the learning outcomes and success of students.

Handbook of Leadership and Administration for Special Education Jean B. Crockett, Bonnie Billingsley, Mary Lynn Boscardin, 2012-05-31 This book brings together for the first time research informing leadership practice in special education from preschool through transition into postsecondary settings. It provides comprehensive coverage of 1) disability policy, 2) leadership knowledge, 3) school reform, and 4) effective educational leadership practices. Broader in scope than previous books, it provides in-depth analysis by prominent scholars from across the disciplines of both general and special education leadership. Coverage includes historical roots, policy, and legal perspectives, and content supporting collaborative and instructional leadership that support the administration of special education. Comprehensive: This is the first book to integrate the knowledge bases of special education and educational leadership, as these fields impact school improvement and the performance of students with disabilities. Chapter Structure: Chapters provide a review of the knowledge base as well as recommendations for special education leadership and future research. Multicultural Focus: Addressing special education leadership within the context of a multicultural society, chapters incorporate content related to the diversity of families, teachers, and students. Expertise: Chapter authors have made significant contributions to the knowledge base in their specific areas of study, such as educational policy, special education law, and finance, school reform, organizational management, and instructional leadership. This book is a reference volume for scholars, leaders, and policy makers, and a textbook for graduate courses in special education, educational administration, and policy studies.

Understanding, Developing, and Writing Effective IEPs Roger Pierangelo, George Giuliani, 2007-04-06 The authors tackle an often complex process in an understandable, sequential manner. Mary L. Jackson, Resource Teacher, Roosevelt Elementary, Kingsport, TN, provides clear, helpful answers for educators involved in developing Individualized Education Programs. Creating and evaluating Individualized Education Programs (IEPs) for students with disabilities is a major responsibility for teachers and school leaders, yet the process involves legal components not always understood by educators.
