

## LINEAR IMAGER BAR CODE READER

The Heron entry-level readers are packed with features to delight any user. Ideal for instantiating reading distance applications (near contact to over 30-cm / 12-in) at the retail point of sale (POS) or office applications, the Heron readers provide high performance in an innovative design package.

Perfect for use as both a handheld and a presentation style reader, all Heron models are lightweight and ergonomically shaped for handheld use and include an auto-rotating stand in the package. Removed from the stand the reader switches to handheld mode; placed correctly in the stand, the reader beeps and automatically switches to Stand Mode (hands-free) for presentation reading.

Developed to satisfy all requirements at the POS, the Heron series of readers are available with different interface sets: the standard D120 multi-interface model (PS-202, USB, Wedge and Wand (limited)); the D110 model, providing complete connectivity to main IBM cash registers and POS terminals and the D150 EAS model which has an integrated EAS antenna and special EAS cables, for ease of connection and compatibility with Nislap and Checkpoint® EAS systems, guaranteeing EAS tag deactivation and code-reading in one smooth motion.

All Heron readers feature Datalogic's exclusive patented "Green Spot" for good read/feedback directly on the code. In Stand Mode, the Green Spot remains on to show the operator where to position the code for quick and intuitive reading.
