### ICSE Board Geography Text Books

Combining the best of other sciences, Geography emerges as a very interesting discipline concerned with the study of the physical Earth. It seeks to explain why and how mountains form, what causes the cycles in weather, as well as other observable phenomena like volcanoes, earthquakes, natural geysers, etc. In fact, it can be used to even project the timeline backwards and provides some idea on what would the Earth have looked like thousands of years ago. At the same time, it allows us to analyze the composition and weather of other planets that we can only see through powerful telescopes. At the school level, Geography is concerned with the continents and their structure, as well as study of the natural processes around us. The recommended books in our collection make the entire process very easy for the students, and allow them to score higher. Books on Geography, Indian Geography, World Map, Atlas

### ICSE Geography Work Book 10 (2012 Edition)

The workbooks supplement the main textbooks. They aim to logically develop the learner's faculty, the ability to analyse, compare and contrast. The workbooks enable students to work out the cause-effect relationships integral to the study of geography. The exercises provide an in-depth understanding of the subject.
