Chapter 2: Business Ethics and Social Responsibility

1. CHAPTER OVERVIEW

Chapter 2 explains the issues of right and wrong in business conduct and the role that the profit motive plays in nearly all business ethics decisions. This explanation begins with the fundamentals of business ethics and social responsibility and provides a framework that allows students to engage with ethics and social responsibility material. This framework is important because it takes away students' tendency to believe questions of ethics are simply matters of opinion. Consider asking your students to use the "WH framework" throughout the course.

2. LEARNING OBJECTIVES

After reading this chapter, students will be able to answer the following questions:

1. What are business ethics and the social responsibility of business?
2. What are values?
3. How do values provide a starting point for thinking about ethics?
4. How are business law and business ethics related?
5. How can we use the WH framework to make ethical business decisions?

3. LECTURE NOTES WITH DEFINITIONS

a. In the news...

Teaching tip: For each chapter, consider asking students to relate current news items to material from the chapter.

In addition to ideas students come up with on their own, consider weaving in news stories provided by the McGraw-Hill. Stories are available via a McGraw-Hill DVD, and on the publisher's web site.

Managing The Law 4th Edition Solution Manual
