Managing Global Insecurities Report:

Handbook of Research on Protecting and Managing Global Indigenous Knowledge Systems Tshifhumulo, Rendani, Makhanikhe, Tshimangadzo Justice, 2021-10-08 Indigenous knowledge systems IKS are a combination of knowledge systems encompassing technology social economic and philosophical learning or educational legal and governance systems The lack of documentation of these systems presents a problem as the knowledge is fading away over time In response it is essential that policies and strategies are undertaken to ensure that these systems are protected and sustained for generations to come The Handbook of Research on Protecting and Managing Global Indigenous Knowledge Systems is a comprehensive reference source that works to preserve indigenous knowledge systems through research Focusing on key concepts such as tools of indigenous knowledge management and African indigenous symbols the book preserves and promotes indigenous knowledge through research and fills the void staff and students within the field of indigenous knowledge systems face with the current lack of research and resources This book is ideal for university students lecturers researchers academicians policymakers historians sociologists and anyone interested in the field of indigenous knowledge systems

The New Global Insecurity Fathali M. Moghaddam, 2010-01-22 A noted conflict expert shows how accelerating globalization is causing dangerous global insecurity that must be met by new security models and policies The New Global Insecurity How Terrorism Environmental Collapse Economic Inequalities and Resource Shortages Are Changing Our World explores insecurity arising out of accelerating globalization In this unique and forward thinking work psychologist Fathali M Moghaddam director of the Conflict Studies Program at Georgetown University explains how and why worldwide insecurity is rising and what steps we must take to quell or reverse that insecurity to make the future of the world more peaceful The book first analyzes the elements and roots of global insecurity discussing it in relation to terrorism torture economic instability threatened identity and religious fundamentalism It then puts forward a new model for understanding security wherein soft security capital serves as the enabling condition for hard security capital Finally the current policies for managing diversity multiculturalism and assimilation are both rejected in favor of an exciting new policy omniculturalism Drawing on his years of study and expertise Moghaddam likewise proposes a new policy for better managing intergroup relations in an insecure age

The Transformation of UN Conflict Management Touko Piiparinen, 2009-09-10 The book provides a structural analysis of the transformation of UN conflict management from the failure to prevent genocide in Rwanda to Darfur and moves on to examine the development of Responsibility to Protect and the Peacebuilding Commission

A Global Standard for Reporting Conflict Jake Lynch, 2013-09-05 A Global Standard for Reporting Conflict constructs an argument from first principles to identify what constitutes good journalism It explores and synthesises key concepts from political and communication theory to delineate the role of journalism in public spheres And it shows how these concepts relate to ideas from peace research in the form of Peace Journalism Thinkers whose contributions are examined along the

way include Michel Foucault Johan Galtung John Paul Lederach Edward Herman and Noam Chomsky Manuel Castells and Jurgen Habermas The book argues for a critical realist approach considering critiques of correspondence theories of representation to propose an innovative conceptualisation of journalistic epistemology in which social truths can be identified as the basis for the journalistic remit of factual reporting If the world cannot be accessed as it is then it can be assembled as agreed so long as consensus on important meanings is kept under constant review These propositions are tested by extensive fieldwork in four countries Australia the Philippines South Africa and Mexico

Socio-Political Risk Management Kurt J. Engemann, Cathryn F. Lavery, Jeanne M. Sheehan, 2023-04-27 Managing risk necessitates an understanding of both how to avoid detrimental outcomes and to reap beneficial results Organizations are regularly confronted with complex decisions involving risk and the impending consequences of the negative impact of its manifestation However the positive aspects of embracing risk should also be sufficiently evaluated to obtain a full assessment of opportunities

Socio Political Risk Management Assessing and Managing Global Insecurity covers a range of viewpoints and issues which can be applied to various organizational agency structures These perspectives examine how social and political risk can impact an agency and what recommendations are made to adapt mitigate and strengthen the organization against political risk Accessibility to personnel and agencies via social media the internet and public exposure compounded with political and social societal shifts have led many agencies in a constant spin to assuage and sustain viability and relevance publicly

Socio Political Risk Management Assessing and Managing Global Insecurity serves the readers by raising awareness and the necessity to control social and political risks in their organizations This volume explores pathways for those in differing organizational structures to find common threads pertaining to social and political risks An important goal of the work is also to develop a framework for managing and exploiting risk that can be applied at the organizational level

Global Food Insecurity Mohamed Behnassi, Sidney Draggan, Sanni Yaya, 2011-03-29 Human kind and ecological systems are currently facing one of the toughest challenges how to feed more billions of people in the future within the perspective of climate change energy shortages economic crises and growing competition for the use of renewable and non renewable resources This challenge is even more crucial given that we have not yet come close to achieving the Millennium Development Goal of halving the number of people living in extreme poverty and hunger Scientists and relevant stakeholders are now voicing a clear message that multiple challenges the world is facing require innovative multifaceted science based technological economic and political approaches in theoretical thinking decision making and action With this background central to survival and well being the purpose of this volume is to formulate and promote relevant theoretical analysis and policy recommendations The major perspective of this publication is that paradigm and policy shifts at all levels are needed urgently This is based on the evidence that agriculture in the 21st century will be undergoing significant demands arising largely from the need to increase the global food enterprise while adjusting and contributing to climate change adaptation and mitigation
