Before Manifest Destiny Nicholas G. DiPucchio, 2025-05-16 How the contours of the United States took shape and what they might have been There was nothing predestined about the now familiar shape of the United States of America Early visions of what the new country's borders could encompass included Canadian provinces Caribbean islands and even Kamchatka in eastern Russia In *Before Manifest Destiny* Nicholas DiPucchio tells the surprising dramatically contingent story of the United States expansion focusing in particular on the ultimately unrealized territorial ambitions cherished by many Americans in the early republic Between the 1770s and 1820s American expansionists made efforts to annex Bermuda Upper Canada Cuba and vast swathes of the Pacific Northwest As DiPucchio shows however local populations from small groups of Caribbean merchants to Indigenous populations to rival imperial powers contested their efforts helping define the boundaries of the United States and forcing its leaders to recalibrate their expectations of the nation's growth Rather than the inevitable procession it may appear to be in retrospect the story of early US expansion was in many ways defined by thwarted ambitions and unfulfilled possibilities Halted in the Atlantic East the Canadian North and the Caribbean South antebellum expansionists eventually declared it their manifest destiny to overspread the West **Radical Infrastructure** Britt Paris, 2026-01-06 A free ebook version of this title is available through Luminos University of California Press's Open Access publishing program Visit www.luminosoa.org to learn more What if we could start over and build the Internet from scratch How could it be rebuilt or reimagined as more equitable and just For more than eight years Britt S Paris investigated alternative Internet infrastructure projects conducting interviews site visits and policy analysis In this expansive and interdisciplinary study Paris critically examines the myriad and contradictory promises utility and obstacles to building a completely new Internet *Radical Infrastructure* locates and analyzes the boundaries of how people and groups imagine build deploy maintain and use the Internet as they survive and even dare to thrive in challenging political economic and environmental contexts Ultimately Paris encourages active reflection among scholars policymakers and activists and reveals more grounded imaginaries tactics and opportunities for future people centered projects *The Ledger and the Chain* Joshua D. Rothman, 2021-04-20 An award winning historian reveals the harrowing forgotten story of America's internal slave trade and its role in the making of America Slave traders are peripheral figures in most histories of American slavery But these men who trafficked and sold over half a million enslaved people from the Upper South to the Deep South were essential to slavery's expansion and fueled the growth and prosperity of the United States In *The Ledger and the Chain* acclaimed historian Joshua D Rothman recounts the shocking story of the domestic slave trade by tracing the lives and careers of Isaac Franklin John Armfield and Rice Ballard who built the largest and most powerful slave trading operation in American history Far from social outcasts they were rich and widely respected businessmen and their company sat at the center of capital flows connecting southern fields to northeastern banks Bringing together entrepreneurial ambition and remorseless violence

toward enslaved people domestic slave traders produced an atrocity that forever transformed the nation *The Homiletic Review* ,1922 **Private and Confidential** James J. Barnes,Patience P. Barnes,1993 The private letters usually dealt with matters of the greatest urgency and diplomatic delicacy and were intended only for the eyes of the recipients not for subordinates in the Foreign Office They were sent with special care by diplomatic courier so as not to fall into the hands of the United States Post Office where they might be appropriated by press reporters The Barneses have provided each letter with an introduction in order to place it in its contemporary context Allusions within the letters are clarified by notes Brief biographical sketches of key individuals are included in an appendix Because of the private nature of these letters they give a fuller and more human dimension to the events they describe There are remarkable insights concerning American politics and society by foreign diplomats who were not casual travelers but experienced observers trained to note and record their impressions **The Pall Mall Budget** ,1877 Let the Wild Grasses Grow Kase Johnstun,2021-10-19 Beautiful and expansive in Johnstun s Let the Wild Grasses Grow Colorado has a successor to Kent Haruf SEAN PRENTISS author of Finding Abbey Let the Wild Grasses Grow chronicles the lives of Della Chavez and John Cordova childhood friends separated by a tragic accident who find each other again during World War II after leading separate lives of struggle through the Great Depression the Dust Bowl and for John abuse at the hands of his grandfather This sweeping American love story celebrates the power of home landscapes family heritage and first love **The Mereness Calendar** Illinois.
