Ebook: International Economics PUGEL, 2012-01-16 Ebook International Economics **International Finance** H. Kent Baker (ed.), Leigh A. Riddick, 2013 Understanding the current state of affairs and tools available in the study of international finance is increasingly important as few areas in finance can be divorced completely from international issues International Finance reflects the new diversity of interest in international finance by bringing together a set of chapters that summarizes and synthesizes developments to date in the many and varied areas that are now viewed as having international content The book attempts to differentiate between what is known what is believed and what is still being debated about international finance The survey nature of this book involves tradeoffs that inevitably had to be made in the process given the vast footprint that constitutes international finance No single book can cover everything This book however tries to maintain a balance between the micro and macro aspects of international finance Although each chapter is self contained the chapters form a logical whole that follows a logical sequence The book is organized into five broad categories of interest 1 exchange rates and risk management 2 international financial markets and institutions 3 international investing 4 international financial management and 5 special topics The chapters cover market integration financial crisis and the links between financial markets and development in some detail as they relate to these areas In each instance the contributors to this book discuss developments in the field to date and explain the importance of each area to finance as a field of study Consequently the strategic focus of the book is both broad and narrow depending on the reader s needs The entire book provides a broad picture of the current state of international finance but a reader with more focused interests will find individual chapters illuminating on specific topics Multinational Business Finance, Global Edition David K. Eiteman, Arthur I. Stonehill, Michael H. Moffett, 2016-03-23 For courses in International Finance Authoritative Comprehensive Coverage of Contemporary International Finance Renowned for its authoritative comprehensive coverage of contemporary international finance Multinational Business Finance trains the leaders of tomorrow s multinational enterprises to recognise and capitalise on the unique characteristics of global markets Because the job of a manager is to make financial decisions that increase firm value the authors have embedded real world mini cases throughout to apply chapter concepts to the types of situations managers of multinational firms face With eBooks you can search for key concepts words and phrases make highlights and notes as you study share your notes with friends eBooks are downloaded to your computer and accessible either offline through the Bookshelf available as a free download available online and also via the iPad and Android apps Upon purchase you ll gain instant access to this eBook Time limit The eBooks products do not have an expiry date You will continue to access your digital ebook products whilst you have your Bookshelf installed The Strategic CFO Ulrich Hommel, Michael

Fabich, Ervin Schellenberg, Lutz Firnkorn, 2011-10-20 The role of the Chief Financial Officer CFO has substantially changed in a world characterized by globalized financial markets and truly global products The accelerated development of new technologies products and markets has led to an increasingly dynamic and uncertain competitive situation The book demonstrates and discusses the impact of this changing corporate environment on the role and responsibilities of the CFO A more holistic view that integrates business and financial decisions is required in order to manage these challenges of globalization The book shows how the CFO can adopt and implement this management approach and thus play a vital role in the firm's value creation
