

5TH GRADE SCIENCE

Solar Systems Objects

The image displays a collection of educational resources for 5th-grade science, specifically focusing on solar system objects. At the top left, a diagram illustrates the solar system with the sun at the center, surrounded by the planets and their moons. Below this, a laptop screen shows a lesson plan titled "SC.5.E.5.3 Solar System Objects". To the right of the laptop, there are several worksheets. One worksheet, titled "Solar System Objects", defines comets as "A comet is a chunk of frozen gases, rock, ice, and dust" and includes an image of a comet. Another worksheet, titled "The Flying Objects", discusses "The Flying Objects" and includes images of the moon and a planet. A third worksheet, titled "SC.5.E.5.3", includes a diagram of the solar system and text about "Solar System Objects". A large orange arrow in the bottom right corner points to the text "SC.5.E.5.3".
